Camp Esaw Sept 8th 1861

Dear

Dear Brother and Sister

direct your letters thus as under signed

Warrington Florida in care of Capt W.m Delay Comp C. 8 Regt Miss. Volunteers

I take my seat this mornin in answer to your last one my health is tolerable good at the presen time but I hope thos few lines may find you injoying good health when you read them think of your Brothers one in the army in delicate health I have been taken Medicens for four days I have not taken any this morning I feel a great better this morning than I felt yesterday As for Brother Newton I cannot tell you any thing about him at all I have wrote to him Twice since I have been in the army and have not Recd any answer from him yet and I am led to believe that they have been some misfortune befallen him in some way I wrote to you to know if you knew anything about him. I have allso wrote to sister Mary to here what she had to say about him she said that she knew nothing about him that she had not got a letter from him in over six months. and that sorter scares me a little I have thought that I would

go their to see something about him
when he is or if he is dead or what he is about
that he do not write to any of us
I will draw to a clos by asking you to
write soon and often
Fare the well for the present
I remain your friend
unto death
Amzi Harris
To Rob C. C. B. Maggs. C.
