salaries for supervisors. (See files for Recommendations for Paying Salaries of Critic Teachers). The Trustees asked that a committee of members be appointed to work with Dr. Messick and the Business Manager to work out a satisfactory system and schedule of supplements. The following committee was appointed:

Charles F. Carroll
Uran Cox
Henry Belk

The Trustees asked that their sympathy and best wishes be conveyed to Mr. Tyler, now in the hospital following an automobile accident.

The Board adjourned at one o'clock.

Agnes H. Barrett Secretary

MINUTES OF THE BOARD OF TRUSTEES
EAST CAROLINA COLLEGE
Greenville, N. C.

May 17, 1952

The Board of Trustees of East Carolina College met in the board room at the college Saturday afternoon, May 17, 1952. Prior to the meeting, members present were guests at the alumni luncheon.

Present: Messrs. Erwin, Belk, White, Tyler, Garrett, Carroll, Stedman, Cox, and Mrs. Williams.

Absent: Dr. Swindell, Misses Palmer and Hall, and Mr. Clark.

The Board approved for graduation, May 19, candidates for the A.B. degree, 15; B.S., 127; M.A., 26.

The board accepted the resignation of Mr. W. E. Dole and Mrs. Dole.

The appointment of Clyde A. Biggers as assistant coach and teacher of physical education was approved.

Paul E. Powell, of the Industrial Arts department, was granted a year's leave of absence to study.

The recommendation of the President that Carl L. Adams, head of the department of psycholocy, Miss Ola Ross, assistant registrar, and Mr. L. L. Rives, cafeteria steward, who have reached retirement age, be continued for another year was approved.

The president announced that J. L. Williams, nightwatchman, will retire this year.

Dr. Messick reported the progress of the training school-college negotiations, and read an eleven-point agreement signed by J. H. Rose, city superintendent, J. B. James, chairman of the city school board, and by him. After discussion, the board passed the following resolution, introduced by Mr. Garrett, and seconded by Mr. Stedman:

"The Board of Trustees accepts and approved this agreement between the college and city school system on a one-year basis, effective September 1, 1952, with the understanding that the training school set-up is to be reviewed a year hence."

Dr. Messick read a petition from the teachers in the campus school that the training school building be named for Dora E. Coates, who retired last year. Although no action was taken by the board, two members said they wanted to go on record as opposing the naming of any buildings for persons now living or presently connected with the college. This request was referred to the committee appointed October, 1951, to consider names for buildings: Messrs. White, Stedman, Garrett, and Miss Palmer.

The President reported that the Director of Field Services had been requested to offer extension classes on the base at Cherry Point, to which Negro Marines would be admitted if they chose to enroll for the work. Since this is a matter controlled by the charter, no action was taken other than to instruct the administrative officers to inform the officials of the Marine Corps that under the charter this college is for the purpose of giving "Young white man and women such education....."

Following a discussion of the need for more dormitory space for both men and women, the board authorized the President and Business Manager to ask the Budget Commission and the General Assembly to build a dormitory for men and one for women, with a capacity of approximately 300 students each, and passed the attached resolution setting for the need.

The Board approved the use of as much as $1200 from Trust Funds to reconstruct the Y Hut, which was moved to make way for the new library.

Upon the suggestion of the Business Manager the Board discussed the advisability of amending regulations governing Student Loan Funds to enable freshmen or sophomores to borrow as much as a hundred dollars; the following committee was appointed to study the question and report at the next meeting: Mr. Garrett, Mr. Carroll, Mr. Stedman.

Trustees were given a report of bids received and contracts awarded, after which Mr. Duncan and Dr. Messick left the meeting.

The Board discussed the salaries of the President, Dean, and Business Manager, and passed the attached resolution recommending

that the Budget Commission raise the salaries of the President to $12,000, and the Dean and Business Manager to $9,000 each.

The Board adjourned at 4:30 p.m.

Agnes W. Barrett Secretary

Governor Kerr Scott, Director of the Budget
Mr. D. S. Coltrane, Asst. Director of the Budget
Members of the North Carolina Budget Commission

Gentlemen:

The Board of Trustees of East Carolina College, at a meeting held May 17, set forth two particular requests:

I. A Need for Dormitories

WHEREAS, the enrollment at East Carolina College for the scholastic year, 1925-26, was 709 women, and no men, and

WHEREAS, the enrollment for the scholastic year 1951-52 was 2123, divided as follows: men, 915; women, 1208; and

WHEREAS, no dormitory for women has been erected on the campus since 1926, and

WHEREAS, only one dormitory for men, with a capacity of 216, has ever been erected; (although the building of the teachers apartment-dormitory this year will release that formerly occupied by teachers for the housing of 120 boys), and

WHEREAS, in the fall of 1951, room reservation fees were paid by 487 students beyond the number of beds available for students on the campus, and

WHEREAS, all dormitories, for the fall of 1952 were filled in March, so that when 3100 high school seniors were on the campus April 4 they were told that no room on the campus was available for them but they would have to live in town should they come here,

BE IT RESOLVED that the Budget Commission be asked to include in its recommendation to the General Assembly one dormitory for men and one dormitory for women, each with a capacity of approximately 300 students.

Enrollment at the college is the greatest in its history, and, according to all national statistics the enrollment in the colleges will increase innumerably by 1960 over any period in the history of the United States. Therefore, with the expanding potentialities and the interest that is growing in the eastern part of North Carolina in education, it is much more imperative than ever before that the State take an interest in providing for this section of the state, which has been neglected.

II. Salaries for Administrative Officers

WHEREAS, East Carolina College operates four quarters, including two six-week terms of summer school, and
