Rheumatism

Hood's Sarsaparilla has proven an invaluable remedy in many severe cases of rheumatism, effecting remarkable cures by its powerful action in correcting the acidity of the blood, which is the cause of the disease, and purifying and enriching the vital fluid.

That Tired Feeling

Which is so distressing and so all-pervading, caused by change of climate, season, or life, is entirely thrown off by Hood's Sarsaparilla, which replaces languor and inactivity with life and vigor. Take it before it is too late.

Dyspepsia

Is caused by carelessness in diet, high living, eating too rapidly, too rich food, overtaxing the stomach with indigestible food, etc. Constipation, headache, heartburn, sour stomach, distress after eating, faintness, dizziness, and capricious appetite are some of the many distressing symptoms. Hood's Sarsaparilla tones the stomach, and promotes healthy digestion, thus curing the most obstinate cases of dyspepsia.

Physicians seemed to think there was no help for me, and said there was

NOTHING TO BUILD FROM.

Soon after I began to use Hood's Sarsaparilla steadily, my attacks of headache became less and less frequent until they ceased altogether, and I have not had the headache now for six months. My appetite has also greatly improved and the nervousness has decreased. My stomach is still somewhat troublesome at times, but the headache has entirely gone. I can eat anything. I recommend it to all who may be troubled with sick headache."—Mrs. CHAS. W. MARRIOTT, No. 393 Middlesex Street, Lowell, Mass.
