Call Meeting - May 9.

There was a call meeting of the Edgar Allan Poe Society Thursday afternoon May 9.

The minutes of the last meeting were read and approved.

The purpose of this meeting was to reconsider an action taken at a previous meeting (April 13). The Committee on Parliamentary rules made a report as to the way to withdraw the action. A motion was made that the action be rescinded.

The suggestions were then explained by Mr. Austin: that the money was to be considered as a loan from the Society.

A motion was made that we vote on the suggestion in sections taking that pertaining to the play first. It was decided that the idea of giving a play this Spring be abandoned and that the Society should give one about Thanksgiving of next year.

Action on that part pertaining to the funds was conferred to another meeting.
