Hello Frank,

I will have to excuse the scribble Frank. I've had writer cramps for the last three letters.

No, Frank, I don't have a shape like "Andy." I'm five feet three and a half inches, weigh 128 and have brownette hair, brown eyes and no curves. As for my likes and dislikes, I like anything you like. That's just the way I am. Oh you didn't ask me about my likes or dislikes did you. Sorry big my mistake.

How long have you been in the Navy Frank. I don't mean to be nosey It's just that it gives me something to write about. And then to I'd like to know just how long you have had to put up with those two Wilson Jerks. No

Offene Bill & Ed.

You know its terribly hard to write about one's self And I've run out of words so I'll close now. If you care to continue this Correspondance I'd gladly answer all your letters.

I'll do you a favor and write this letter up now. Take care of yourself and answer soon.

Jim.

P.S.

Tell Bill & Ed to keep on building up the morale of the Femo. Thanks!

Jim.
