The Edgar Allan Poe Society held its regular meeting January 9th. 1915. In the abscence of the president the meeting was called to order by vice president, Miss Vahn. Before the minutes were read and the roll called, seven new members were welcomed into the society. They took the oath of membership. The roll was then called, then minutes read and approved. The treasurer gave no report as there had been not dues collected or any expenditures since last meeting.

The question of the interscociety debate was brought up and discussed freely. Miss Alice Herring moved that we challenge Daniels for this debate since they won over us last year. This motion was seconded and carried. This action then brought up the question of a Query and it was decided to leave the president to appoint a committee to work out one.

The chairman of the programme committee being abscent the president has asked to appoint some one to assist Miss Lancaster in preparing the Poe programme for fourth Saturday night.

There being no further business the society adjourned.
