Total paid	128	29

The flower bed committee reported through miss Vanhook that the flower bed had not been planted since they had no bulbs. The other committee's had no reports.

Under unfinished business the amendment to the constitution presented at last meeting was adopted.

The secretary reported that she had sent letters to miss White, and Mr. Birckhead of Baltimore, and Mr. Harding, Dr. and Mrs. Carr of Greenville expressing the appreciation of the Society for their kindness and notifying them of their election to Honorary membership in this Society.

A letter was read to the Society from Mr. Harding expressing his thanks for this honor.

Under new business, miss Mc Glohan moved that the Inter-Society Comm. be consulted about raising the standard of marshalship by having marshals from both Societys serve on all occasions instead of each society having their marshals serve when they are entertaining.

There being no further business the meeting was turned over to the program committee.

Marguerite Hensley.
Secretary.
