"Should we not continue sweeping Halls to form a precedent for the Society in other years?" and "Why not continue sweeping Halls in order to gain money for Society Halls?"

A motion was made by Miss Hensley to rescind the discussion of our last Society meeting but it was not seconded.

The president said she would report the action of the Society to Mrs. Beckwith—that she was dissapointed in not continuing the sweeping but very proud of the work done by the girls.

The meeting adjourned.

There was a regular business meeting of the Poe Society on March 6th, 1920 in the Y. W. C. A. Hall.

The meeting was called to order and the minutes read and approved.

The flower bed committee reported that seeds would be sown soon. The treasurer reported that $238.08 in treasury. The Poster committee reported that the last two posters had been made by volunteers and that a good poster would be made for the debate.

It was moved and carried that we get some Poe Stationery. A committee of Misses Row (chairman), Albiton, Blackley & Henseley and Bass was appointed to plan and find cost of Stationery. A hand press was suggested.

The president read a letter from Miss Mc Gladhom who enclosed fifty cents for engraving the debating cup.

There being no further business the meeting was turned over to the program committee.
