

Dr E. Warren

July 8th 61

Captain Sparrow
Com: Washington Grays
Portsmouth.

Portsmouth N. H. July 8th 51
Captain Sparrow
Dear Sir:

It is my duty
to inform you that the measles
is prevailing to a considerable
extent among the members of
the Hyde County Company.
It is not in my power to
adapt the proper measures to
prevent it from spreading among
the troops stationed here, and
I therefore urge upon you the
importance of doing something
to protect the men belonging to
your Company from the disease.

Very respectfully
Edward Hamer M.D.
Surgeon H.
