This is the best, most comfortable, graceful, and lowest price chair machine in the world. It is stronger and cheaper than the ordinary frame tricycle. It requires least effort on the part of the rider without injury of any sort—this is very important.

The crank movement can be placed on either side of the chair, so as to fit either right or left-handed people. The chair steers very easily, and runs without difficulty over uneven surfaces or up ordinary grades at a speed equal to a fast walk.

Chain is adjustable, and everything is simple and strong. The chair itself is oak, nicely caned, right shape for the back and body, and fitted with elliptical steel springs.

When ordering, state on which side the crank movement is to be placed, also size of chair.

FOLDING BED TRAY.

Oak—two sizes, No. 1, 15 by 23 inches, 7 inches high, \$4.00.

No. 2, 18 by 26 inches, 8 inches high, \$4.60.

You have no idea how much of a luxury it is until you have it—useful at home as well as in hospitals and hotels. It makes a meal in bed twice as enjoyable and much more profitable.

Invalids surely ought to have it.

Made of oak and finely finished. Strong, light, handsome, compact when folded. Strip in front to keep the dishes from falling off.
