

THE VICTOR MASSAGE APPARATUS.

Latest Pattern for Deep Penetration.

This outfit consists of a massage motor specially wound to give proper speed for this work, with speed controller in base. To the motor is attached our No. 1 Physician's Handle, which is unquestionably the *best on the market* for physicians, owing to the fact that the *strength* as well as the number of vibrations is under *perfect control*.

No. 1 VICTOR MASSAGE OUTFIT for the 110 or 220-Volt Direct Current.

This handle is the best one devised for vibratory massage; it is provided with a removable cap, which can be instantly removed and a regulating device exposed, by means of which the strength of vibrations can be perfectly regulated from an almost imperceptible movement up to a vibration of as much vigor as desired. Places are provided for screwing on the attachments for treating various parts of the body; these vibratodes can be attached so they project either in a straight line with the handle or almost at right angles to it. The vibratory movement is of a rotary nature, which is the most desirable for treating the mucous membranes. In abdominal and general massage the handle is used, as shown in cut, without any attachments.

Prices.

For Direct Current for 110-Volt Current, \$70 00
For Direct Current for 220-Volt Current, 73 00

The apparatus can also be supplied with a No. 5 Vibratory Handle instead of the regular No. 1 Handle. With it the same deep vibrations are obtained as with the more expensive outfits on the market.

Price, in addition to above, \$40.00, but if furnished instead of the No. 1 Handle, only \$5.00 additional.

Price of white-enameled iron table, with glass shelf and polished oak top, . . . \$8 00
Price of carrying case, 15 00

This outfit consists of the No. 1 Handle attached to an alternating current motor so constructed that the speed is regulated perfectly by mechanical means, thus obviating the constant destructive sparking that is *inevitable* when commutators are used on alternating current motors.

VICTOR No. 1 MASSAGE OUTFIT for Alternating Current.

This motor is guaranteed against burning out, and it is a fact that it will last four times as long as the commutator motors ordinarily sold for this purpose.

Price of outfit, with \$5.00 worth of applicators, for 60-cycle current, \$75 00
Additional for 125 or 133-cycle current, 5 00
Price of white-enameled iron table, with glass shelf and polished oak top, 8 00
