General Operating Table, Cincinnati Pattern. Size, 72 inches long and 24 inches wide. The top consists of two heavy glass plates placed on a slight slant to drain towards the center opening, and has a drain gutter underneath. It is provided with two detachable stirrups and a removable Trendelenburg frame as shown in the illustration.

This table is equally well adapted for the Surgeon and for the Gynecologist; hence is a very desirable pattern for general hospital use.

Price \$75 00
 " without stirrups and Trendelenburg
 frame, and with the drain stationary.. 60 00
