

## HAND VAPORIZERS.

No. 1C Outfit.

**No. 1C. Little Wonder Vaporizer.**

A Combination Vaporizer, Pump and Air Chamber. This apparatus throws a more steady vapor than the style operated with a hand bulb and is less liable to become out of working order. It is designed for physicians who have no Compressed Air Apparatus and is also a cheap Vaporizer for prescribing to patients for home use.

Price to Patients .....\$5.00  
 Price to Physicians .....\$4.00

**No. 2C. The Perfect Vaporizer.** This is a most satisfactory Style, is similar to the Little Wonder, excepting has no Air Chamber.

Price to Patients.....\$3.00  
 Price to Physicians.....\$2.25

**No. 3C. The Upright Pump Vaporizer** is also first-class in construction and far superior to the ordinary Nebulizers and Vaporizers on the market.

Price to Patients .....\$2.50  
 Price to Physicians .....\$2.00

No. 3C Outfit.

**No. 4C. The Standard Bulb Nebulizer.** Beautiful design, strong and well adapted for hand bulb, as shown in illustration or in connection with Compressed Air Receiver.

Price to Patients..... \$2.00  
 Price to Physicians .....\$1.50
