

MAX WOCHER & SON, CINCINNATI, O.

- D/. 650. Nitzes' cystoscope, for photography \$75 00
 Dry plates for same, extra.....dozen 2 00
 With this instrument ten views of the bladder can be photographed successively
- D/. 656. Brenner's ureter cystoscope, with catheter and extra lamp, in case . 55 00
- D/. 671. Casper's improved ureter cystoscope, with irrigating attachment..... 60 00
 Instead of the double prism of the original pattern, the eyepiece in the improved model is placed in a direct line with the lamp and prism, giving a more defined view and lessening the weight of the instrument. The arrangements for introducing and curving the ureteral catheter, and for removing the cystoscope after the catheter is in situ, have been improved upon by Dr Casper, thereby greatly facilitating the use of the instrument, which, in addition to the former range of application, can be used for irrigation as well.
- D/. 674. Schlagintweit's irrigation cystoscope, in case 60 00
- D/. 720 Janet-Frank's bladder phantom..... 30 00
 Intended for practising cystoscopy, ureteral catheterization and intra-vesical operations.
