May 25th 1900

Dear Mr Peacock,

Your kind letter
received, and contents noted, in
answer to your letter, will ask this
question if Spring Term of 1899 for
Board, Tuition, Light, Heat & Washing = 90.00
Latin Recitation & Music 45.00
135.00
less 15% 20.25
114.75
Supplies Extra 21.80
Cost - \$136.55

What ought it to cost a sick girl
for 43 days studying Penmanship,
Spelling, Composition, Bible & Piano,
from Recitation 33 times ~~Cost~~.

I don't know what your rules are
regulating such matters, it just
~~did not~~ ^{doesn't} look ~~it was~~ right to me,
but I am willing to abide ^{by} your

decision, I have no feeling in
this ^{matter} ~~business~~ pure and simple.
~~It is purely a matter of business.~~
I am not only willing, but anxious
to pay every Cent - My daughter con-
tracted while at G. F. College. Whatever
your decision may be, whether more or less than
the check returned let me hear from you
and I will respond promptly

I feel sure you are ~~our~~ ^{our} friend of my-
~~self & family~~, and I know we are
your friends. Mamie & myself are
both improving

With kindest regards

Yours Respectfully

W. J. Farrow
