Dr. Laupus notes progress

By MONIKA SUTHERLAND

There has been no misrepresentation of facts concerning the recent accreditation visit of the East Carolina University Medical School, according to Dr. William E. Laupus, dean of the school.

The editorials and articles which have appeared in several newspapers stated that Dean Laupus and Chancellor Jenkins "misrepresented the findings of the accrediting officials" as the officials had not found the school ready nor did they feel it would be ready in the near future.

"There has been much progress made at the medical school," said Laupus. "The accrediting officials were very positive and made several comments and suggestions to us regarding the school."

The consultation visit requested by the medical school was an informal visit of the committee so suggestions and comments could be made concerning future progress according to Laupus.

"The visit was one of several that we will have," said Laupus. "There is a standard procedure for achieving accreditation. First there is a consultation visit. When the Liaison Committee on Medical Education (LCME) feels we are ready they will conduct a site accreditation visit.

"After the site visit the committee will make a presentation to LCME which meets about four times a year. The LCME will make a recommendation for provisional accreditation and will set a date to open the school and establish the number of students to enroll.

"The provisional accreditation rating is standard for all medical schools," said Walter Shepherd, assistant to the dean. "All new medical schools receive provisional accreditation until they graduate their first students. After that the LCME will conduct another visit and then determine final accreditation.

"The consultation members were quite impressed during their recent visit. We had progressed much further than they had thought we could since their visit last year," said Shepherd.

"There are three areas which must be completed before the site visit," said Laupus. "These are the residency training program, our doctorate (Ph.D) program and faculty recruitment. The consultation staff found the facilities quite adequate."

"We had to receive special permission to establish a Ph.D program as the University of North Carolina Board of Governors had placed a moratorium on all program expansion.

"Since ECU did not have an existing program we had to wait until the Board of Governors would approve it before we could establish a program. Their approval came in the recent meeting.

"All medical schools must have a residency program. Our first residency program which will be in family medicine

See Med School, page 4.

Calder takes action

By DENNIS LEONARD
News Editor

Recently the Student Supply Store safe was broken into and before that a complete stereo system was stolen from the listening room at Mendenhall Student Center.

According to Joe Calder, ECU security director, access to the two buildings was gained with keys instead of forced entry.

There has been some speculation that someone on the ECU Campus Police Department could have been responsible for the break-in, and all campus policemen are being required to take polygraph tests to determine guilt or innocence.

"I do not suspect anyone in the ECU Police Department, but I am going to clean

See Police, page 33.

SUN LOVERS are out in force all across the campus. This traffic-stopping bunch soaks up rays near the corner of Cotanche St. and Reade St. behind Clement Dormitory. According to the weather reports, sunny skies should be around through the weekend.

Homecoming strife arises

By CINDY BROOME
Assistant News Editor

A conflict between Count Basie and the Alumni Association appears to be developing within the planning for Homecoming 1976.

The possible conflict arises due to the fact both the Alumni Association and the Student Union have booked major programs for Saturday, October 30, Homecoming night.

On October 30, the Union has booked Count Basie to play for a dance which was aimed at both students and alumni, according to Diane Taylor, Student Union President.

Meanwhile, the alumni, working through a local businessman, has arranged for a $50.00 per couple extravaganza at the Moose Lodge.

The conflict booking has left some Union members miffed since one of the main reasons Count Basie was booked was to appeal to both students and alumni.

"Last year, the Union spent a lot of money on bands at Mendenhall on the Saturday night of Homecoming to try to get both alumni and students involved. This year, we went out and booked Count Basie to continue to draw both students and alumni and then the Alumni Association goes and books its own show after we have signed Count Basie," Miss Taylor stated.

"In booking Count Basie for the dance, the Student Union was hoping to bring the students and the alumni together and it is hoped that it will not be that much of a conflict. It was with sincerity that we have this dance to appeal to the alumni as well as the students. We feel that it is important for the alumni and the students to join together for a successful Homecoming."

Don Leggett, Director of the Alumni Association, states: "I don't see any conflict. We see it as an option for the alumni to go to one dance or the other."

The Homecoming Steering Committee and an administrative committee consisting of Dean James Mallory, Dean Rudolph Alexander, Mr. Don Leggett, and Dr. Carl

Trustees vote to leave Southern Conference

By JOHN EVANS
Sports Editor

The Board of Trustees Tuesday approved a five-part proposal on athletics which included plans for the withdrawal of ECU from the Southern Conference as of July 1, 1977.

The proposal also called for fund-raising efforts to begin for the expansion of Ficklen Stadium to 35,000 seats.

These two parts of an ad-hoc committee's proposal to the Board of Trustees confirmed rumors that the University was taking strides in the direction of conference withdrawal and stadium expansion.

The approved motion also included the continuation of the upgrading of the women's athletic programat ECU, the study of all sports at ECU in relation to the decision to leave the conference, and a diligent effort to find a new or already existing conference for ECU to join once it has become independent.

Chancellor Leo Jenkins commented that "the move was a big step forward for East Carolina athletics and the result of many years of athletic growth and planning."

Jenkins added that the plans to enlarge the stadium and withdrawal from the Southern Conference would involve a "package deal".

"The attempt to enlarge the stadium will help us to continue our growth in the athletics and will enable us, along with our withdrawal from the conference, to pursue an upgrading of our scheduling to include more of the bigger schools, as well as help us to schedule some of these schools on a home-and-home basis."

SGA President Jimmy Honeycutt, who is an ex-officio member of the Board, made the statement that he felt it was a big step for the university and one which he felt the students would support.

"I worked all along as a member of the committee which studied the athletic program and I was in favor of the resolution that was passed, as was everyone else on the Board of Trustees. Everyone on the committee was in agreement on the steps which need to be taken and obviously the board agreed with us.

"I think that the moves voted on and passed today are something that the students really want and will really be in favor of."

President-elect Tim Sullivan was pleased with the Board's decision to obtain the funds necessary for stadium expansion from a fund-raising drive and not from student fees.

"I am really not that familiar with the plans to withdraw from the conference," said Sullivan, "but I think that the best thing that I saw was Dr. (J. Earl) Danieley's motion which specified that the stadium would be expanded through a fund-raising drive and not by student fees. In no way should students foot the bill on that."

Dr. Danieley, former President of Elon College, made the motion for the fund-raising to provide fees for the stadium, rather than have the motion read to simply expand the seating capacity of the stadium.

Other major topics of discussion by the Board centered around the approval of a Masters of Science in Nursing, developments with the ECU Medical School to meet accreditation requirements and discussion on the enrollment freeze for next school year.

Pre-Registration Issue

Editorials/Commentary

Homecoming conflict

A major conflict has apparently arisen in programming for Homecoming this year with both the Student Union and the Alumni Association scheduling major attractions for the same night.

The Union has a Count Basie dance set for Saturday night, October 30th and the Alumni Association has a $50.00 per couple extravaganza planned for that same night (we call anything that cost $50.00 a couple an extravaganza).

That conflict has left a few Union people upset and to be frank we can agree wholeheartedly with the Union officials.

After all, the Homecoming Steering Committee worked very hard last year to get both students and alumni together during the weekend festivities. In an effort to attract alumni to Saturday night activities the Union booked certain bands that they thought would appeal to older alumni members. And, some alumni members did attend the Saturday night affairs.

So, in an effort to again attract alumni to a Saturday night program along with students the Union last December booked Count Basie to play a dance. Count Basie is not what we would call your most popular "acid rock" group that would appeal to students. But, it was thought by Union officials that Count Basie would attract both students and alumni, who might be considered more of the "Count Basie generation".

That all sounded fine, until on the scene comes the Alumni Association with a plan to stage its own program on Saturday night at the local Moose lodge complete with food and entertainment, for the nice sum of $50 a couple.

So, that will more than likely drain off many of the alumni who would have attended the Count Basie dance and also leaves the Union with a booked act they may wish they could change.

The thing about the Alumni Association effort to stage their own show is that it comes just a year after the committee heard nothing but "involve the alumni" from those same alumni officials.

Another point to be made over the conflict is the financial gain to be made by the local businessman who is putting on the whole affair, reportedly at a cost of about 80 per cent of the entry fee which figures out that if the show goes at all some local businessman will make a killing and the Alumni Association also figures to pick up a small bundle. Meanwhile the Union, which was simply trying to please all, is left with the expensive Count Basie and the possibility students will not take to his type music.

Apparently the Alumni Association wants its own Homecoming show--well we say fine. And, we think it would be appropriate if the students moved their Homecoming to a better date, like November 20th when ECU plays Appalachian. That will surely be a better game than ECU vs. Western Carolina.

That way the Alumni Association will have its own program and its own homecoming, completely separated from students.

Board does good job

Tuesday's meeting of the Board of Trustees ended months of speculation with its five-point resolution on athletics.

Included in this resolution were the withdrawal of ECU from the Southern Conference and the authorization to begin a fund-raising drive to raise funds to be used towards the enlargement of Ficklen Stadium.

Certainly the magnanimous nature of this decision makes it the most important move at the Tuesday meeting.

The Board's decision on the issue was unanimous and swift, but that by no means meant the Board arrived at its decision without careful consideration for the pluses and minuses of such a move.

These were ironed out and investigated well before Tuesday's final vote by committees and sub-committees which perused over each part of the five-part resolution.

The total committee involvement in the decision was evident in that the members of the Board were well-informed as to the specifics of the resolution.

Because of this, the Board was able to handle such an important issue with impressive expediancy and certainty - unanimous certainty.

The Board then turned to other business on its agenda for the day - the athletic issue was not the only major issue on the agenda.

The Board also approved the establishment of a Master of Science in Nursing degree for the School of Nursing which would open new areas of opportunity for ECU nursing graduates who continued into this program. The resolution for such a proposal will now be brought before the Board of Governors of UNC system.

If it is presented to that Board as well as the bill which was presented to the Board of Trustees it should easily pass.

Again the research and expertise of the Board's members is to be commended.

It was reassuring to see the Board of Trustees at work this week and to see how well they handled themselves.

One other thing was reassuring - that is, that the Board of Trustees are interested in the future growth of ECU and that they go about the formation of this future in a concerned manner.

And this, the students should be grateful for.

John Evans

The Forum

Says BUNK

Student takes note with Professors stand

To Fountainhead:

Attention: Professor Manning

In regards to your letter in the forum April 5 I have one initial response---Bunk!

And now to elaborate--your letter is loaded with what I consider very poor reasons to study a foreign language and it also contains several references to students I do not appreciate.

As best I can follow it you think Spanish is not a foreign language and that to study it would be a study of American history.

America does have a Spanish heritage, but wouldn't one quarter of Spanish history do a better job of explaining a Spanish language?

At the same time professor, while the U.S. does have a Spanish heritage, there is also a French heritage. (Remember the Louisiana Purchase and New Orleans.) And also even a Russian heritage (remember where Alaska came from). There are other countries that have played vital roles in our history. Do we teach Americans French, Spanish, and Russian professor so no one can call us "intellectual bigots"?

Then professor there was the comparison with the U.S. and the Philippine Islands. I dare say I would compare the U.S. educational system to the dictatorship of the Philippines, or anywhere for that matter.

And about other people of the world seeing the U.S. "as being lazy, selfish, or incapable of learning a foreign language" I simply say, who the hell cares what they think about our foreign language habits. Many nations of the world hate the U.S. for a lot more important reasons than our language habits.

I am somewhat disappointed that you only see the SGA resolution calling for foreign language alternatives as being immature reactions coming from students that are for the most part "students who haven't the remotest idea what they want to do with their lives, or they apparently want to graduate with the least amount of study possible". In other words professor, you see the students who seek this action as nothing short of being lazy people who want the easy way out. Again let me say---Bunk, what you may find also is an immature action.

Students who support the alternative language proposal are simply trying to bring some improvement to a 19th century educational plan that is supposed to prepare young people for the 21st century.

Allowing options in the area of foreign language is not offering students an education that is "intellectually limited, regional or provincial". It is simply allowing students to make better use of 4 years of college and take courses they feel may better prepare them.

In closing professor, allow me to paraphrase the issue with the following: man's capacity to better understand the world and depart from his own inborn ignorance may depend on how well he can make his educational system relate to the world of the future, and not that of the past."

And finally again let me say---Bunk.

Respectfully,
Mike Taylor

Legislator says book is sellout by Honeycutt

Mr. President:

I would like to commend you on your negotiations with CT & T. I'm really pleased that CT & T was receptive to the needs of the ECU students, and offered to print a directory for the Dorm Students. But, Mr. President, I believe you owe the students an explanation as to why CT&T cannot include the Day Students in this directory.

Mr. President, if you allow this discriminatory concession to transpire, how can you say you represent all of the students? Mr. President, in this concession you are excluding over half of your constituents, what is your rationale for such action?

In the March 30th issue of the Fountainhead you reported that CT & T could not include the Day Students in the directory, because of "problems", what problems? It must have been a misunderstanding on my part, but during the March 29th session of the SGA Legislature, in reporting your progress with CT & T, you stated that the Fraternities and Sororities would be included in the directory. Noting the March 30th Fountainhead, I saw no reference to that issue.

Mr. President I believe great strides should be taken to provide a directory for ALL the students of ECU, All of our constituents. To settle for such discriminatory concessions is to sell out the Day Students, a cost we can not afford.

Reid P. Strickland
Day Student Legislator

FRANKLY SPEAKING...by phil frank

Parking woes

To Fountainhead:

A short note to the short sighted person in charge of designating parking spaces at the Allied Health Bldg. Do you realize that you have a horrendous total of two (2) visitor parking spots adjacent to a sea of unused parking spaces? Why not designate a row of parking in the lot west of the building for visitors. After all, Allied Health's role would seem to call for more than just two parking spaces for the surrounding 30 some odd counties that have frequent contact with Allied Health.

Sincerely,
Robert L. Suess

Winner thanks workers

To Fountainhead:

I would like to take this opportunity to thank a number of people who helped me with my campaign: Mindy Skelley, Anita Driscoll, Barbara Mathews, Carlton Herschi, Steve Hale, Pam Campbell, Luann Massy, Kathy Gentry, and Michael Johnston. These people spent countless hours going door-to-door, constructing banners, and distributing leaflets. It is difficult enough to gain support in an election, much less trying to find people like these to help with a campaign. These people are involved in countless organizations and still found time to help with the campaign. Students like these are the main reason I came to East Carolina and one of the main reasons I decided to run for Vice President. They are outstanding students and the leaders of their respective classes and departments. Mindy Skelley is a member of Kappa Delta and political science major. Anita Driscoll is a political science and English double major. Barbara Mathews is a political science major. Carlton Herschi is a music major. Steve Hale plays football and is a psychology major. Pam Campbell is on the honor council and is a math major. Luann Massy is a member of the SGA, Kathy Gentry is a member of Delta Zeta, and Michael Johnson plays football and is a business major. These are outstanding people and deserve recognition, and more importantly they are dear friends and I owe them a great deal of thanks. Thank you all for everything.

Greg Pingston

Manning position supported

To Fountainhead:

I am writing in support of Mrs. Manning's letter in the Tuesday issue of Fountainhead. I feel the SGA's proposal for alternatives or cancellation of the Foreign Language program is nothing but sheer stupidity and ignorance on their part.

Although I am not majoring in a Foreign Language, I have had the fortune of taking one for the last six years, and I can very sincerely say I have enjoyed every minute of it. Not only have I had the pleasurable experience of learning a new language, but I have loved the idea of learning about the culture and people from another country.

Too often our generation spouts off about how people don't take time to get to know one another. But when a chance, like Foreign Language, offers the student such an opportunity to know and experience other people, it is shot down and buried by organizations like SGA.

Yours truly,
Sharon L. Threadgill

Women's Awareness Week observed

By CINDY BROOME
Assistant News Editor

Women's Awareness Week, which will be held this week, will strive to make women more aware of their own potential. According to Nancy Smith, Associate Dean of Women, women students should realize that they can fulfill their potential and that many jobs exist in which a woman can find a career.

Several activities and displays have been planned for the week.

Art done by women faculty members will be on display at the Mendenhall Student Center Art Gallery Monday through Friday and various academic departments will set up displays in the Multipurpose Room at Mendenhall. These displays will exhibit what jobs women can pursue in these fields.

Sunday, April 4, was Community Awareness Day. Several civic clubs had some booths in the Multipurpose Room at Mendenhall. These civic clubs include the National Organization for Women (NOW), the League of Women Voters, the Business of Professional Women's Organization, the Pitt County Association of Insurance Women, the Business and Professional Women's Cub, and the Greenville Women's Political Caucus. The booths were up from 2:00-4:00 p.m.

There was a Health Forum Monday night in the Multipurpose Room at Mendenhall. Mrs. Lona Ratcliffe spoke on pregnancy and abortion. Mrs. Sue Pennington spoke on cancer of the uterus, cervix, and breast. Both Mrs. Ratcliffe and Mrs. Pennington are from the ECU Nursing Department. Dr. Dan Jordan, from the ECU Infirmary Staff, spoke on venereal disease. The forum will begin at 7:00 and there will be a question-and-answer period at the end.

Tuesday night was Departmental Night. Several departments sponsored an activity, and some may have speakers.

There was a Forum on Title IX (Educational Amendments Act) Wednesday night in room 244 at Mendenhall. Several speakers were present at the forum. They were: Bill Cain, speaking on athletics, Bob Boudreaux, speaking on financial aid Dean Rudolph Alexander, speaking on activities and organizations, Dean Carolyn Fulghum, speaking on Housing and Regulations, and Lynn Heather Mack, Executive Director of Intercollegiate Association of Women Students, speaking on the need for the law of Title IX. The moderator was Candy Chappell.

Thursday night, there will be a Recognition Program for Outstanding Women Students in the theatre at Mendenhall. One hundred women students have been selected to receive certificates for Outstanding Women Students.

Dr. Sandra Thomas, Vice-President of Students Affairs at Meredith College, will be the guest speaker.

N.C. Political Science Association meets

The ECU Department of Political Science will host the annual meeting of the N.C. Political Science Association April 9-10.

According to Dr. Oral E. Parks of the ECU political science faculty, president of the association, the meeting will begin at noon Friday with a buffet luncheon at the home of ECU Chancellor Leo Jenkins.

Friday afternoon's session will consist of a panel presentation on directions for the third century of American politics.

Speakers will be: Edwin Deckard, director of the N.C. Office of Intergovernmental Relations, on "Federalism and Intergovernmental Relations in the Next Decade; Dr. Merle Black of UNC-Charlotte, on "North Carolina and the South: the Emergence of Congressional Support for Federal Voting Legislation"; and Dr. Charles J. Stephens of Western Carolina University on "The Use and Control of Executive Agreements: Recent Congressional Initiatives at Oversight."

Dr. Raymond Dawson, academic vice president of the UNC General Administration, will be featured speaker at a Friday evening dinner and business meeting at the Candlewick Inn here. His topic will be higher education and its prospects in the immediate future.

Saturday morning's program will consist of two panels, both beginning at 9 a.m. Topics of the two sessions are computer-based curriculum materials and overseas programs sponsored by N.C. colleges and universities.

Dr. Frank Munger, director of the Institute for Research in Social Science at UNC-Chapel Hill, and Dr. Bob Pierson of the N.C. Educational Computing Services will address the first panel. The second will be moderated by Dr. Bob Farzanegan of UNC-Asheville.

In addition to Dr. Parks, current officers of the N.C. Political Science Association are: Dr. Gene Rainey (UNC-Asheville), president-elect; Dr. Marvin Hoffman (Appalachian State University), vice president; Dr. Patt Kyle (UNC-Charlotte), secretary; and Robert White treasurer.

Student Union accepting applications

STUDENT UNION COMMITTEE MEMBERS TO BE SELECTED

The Student Union will be accepting applications for committee membership from April 7 to 14. The members will be selected on the basis of qualifications. All students interested in a position will be required to complete an application and have an interview with the committee chairperson-elect. Applications for the positions may be obtained in Mendenhall Student Center Room 234.

The Student Union is one of the two largest student organizations on campus. Programming entertainment in the cultural, recreational, and social realms is the purpose of the Union. The Union is comprised of twelve committees whose purpose is to select, promote, and present these programs. The Union is made up of all students who pay an activity fee at ECU. Their fees are used to make free-time activity a cooperative facet with study and education.

The committees which one may choose from are:

Art Exhibition - This committee is responsible for providing the students with a wide variety of art displays and other visual arts by planning, selecting, promoting, and presenting an art exhibition program.

Artist Series - The Artist Series Committee is responsible for programming cultural and musical attractions to be presented for the students of East Carolina. The aim of the committee's programming is the entertainment and education of the students.

Coffeehouse - The Coffeehouse Committee provides a quiet atmosphere for students to enjoy music far removed from the mainstream of contemporary commercial music. A small, darkened room helps to create a unique atmosphere of intimacy between performer and audience.

Entertainer - The **Entertainer** Committee is a new committee for the 1976-77 school year. The purpose of this committee shall be the publication of the **Entertainer** and the promotion of the Student Union as a whole. This is an ideal committee for anyone with a real desire to get involved in the Union and find out what goes on in the committees. Since this is the first time the committee has been in existence, there is no limit as to what can be accomplished.

Lecture - This committee is responsible for selecting, planning, promoting, and presenting a lecture series consisting of widely recognized personalities or topics of interest. Since next year promises to be a year of thematic programs, this committee will be extremely involved in working with the whole Student Union.

Minority Arts - Minority Arts is responsible for selecting, planning, promoting, and presenting minority arts programs as deemed appropriate by the committee to meet the needs of the students who desire minority arts programming. Students of Afro-American cultures and international interests should take particular interest in this committee.

Theatre Arts - The promotion and presentation of professional theatre for the Greenville area is the concern of the Theatre Arts Committee. During the 1975-76 school year, the Theatre Arts Committee presented the Royal Shakespeare Company in **The Hollow Crown**, **1776**, and Vincent Price in **Three American Voices.**

Travel Committee - The Travel Committee organizes low-cost trips for the students, staff, and faculty of East Carolina University. The trips are usually planned for Thanksgiving and Easter breaks.

Video Tape - The Video Tape Committee is a relatively new committee being only two years old. This committee was designed to bring a new style of entertainment to the students. Unfortunately the committee has been plagued by one mechanical failure after another. Hopefully by next year the committee will be programming again at full tilt. The committee, when operating as it is supposed to, selects tapes to which it feels the campus crowd would be most receptive.

Films - The Films Committee is responsible for selecting popular films for Friday night entertainment and international and classical films for Wednesday night entertainment. Of major importance this year was the inclusion of two X-rated films in the programming. The Films Committee is proud of the fact that they have been able to pack the house in the past and hopes to be able to continue to please the students at East Carolina in the future.

Major Attractions - The Major Attractions Committee is responsible for selecting, promoting, and presenting a variety

Laupus reports to Trustees

By TOM TOZER
Managing Editor

In Tuesday's Board of Trustees meeting in Mendenhall Student Center, Med School Dean, Dr. William Laupus, gave report on accreditation progress of the Med School.

"We are making slow and gradual positive progress toward our goal of accreditation," said Laupus. "We hope to be able to have an official site visit by mid-summer of the Liaison Committee on Medical Education (LCME-is the accreditation branch of the American Medical Association) and an LCME meeting in October for full scale accreditation review."

Laupus' report to the Trustees centered on the unofficial visit of the LCME in Feb.

According to Laupus, the LCME cited three areas where the ECU Med School needs to make further progress. These areas are: development of the doctorate program; filling faculty positions; and development of residency training.

Laupus pointed out that since the first of Feb., nine faculty positions and two senior chairmanships have been filled. According to Laupus four more positions are expected to be filled in the next six weeks.

"We have applied for accreditation for our faculty practice residency program and it will be presented to the accreditation committee in May," said Laupus.

"When the unofficial accreditation committee came in Feb., they said we may be able to receive the go-ahead for admittance of students by Dec. 1976, or Jan. 1977," said Laupus. "This is a possibility, but not a probability."

Enrollment crisis cited

By DENNIS LEONARD
News Editor

All universities in the UNC system are presently facing an enrollment crisis with incoming students and at some state-supported schools, qualified applicants are being rejected.

One major reason for the crisis is that most of the universities in the UNC chain have previously admitted more students than available space permits.

At ECU, housing authorities have placed incoming students in the infirmary, and converted double rooms into triple in the past.

UNC-CH has had to reject 60 percent of the 10,000 applicants for the upcoming academic year to comply with enrollment ceilings set by the UNC Board of Governors.

According to a recent TECHNICIAN (N.C. State student newspaper) report, the majority of the rejected applicants are in the top fourth of their respected high school classes. The qualified applicants are obviously being turned away due to the Board of Governors enrollment policy.

At ECU the admissions department has not felt the tight enrollment ceiling and will not decide upon closing admissions until later in the quarter.

According to an admissions spokesman, ECU has not turned away any students applying for Fall Quarter 1976 and the Freshman class is not yet fully enrolled.

Dean John Horne was not available for comment at press time about the recent Board of Governors' enrollment decision.

Dorm occupancy up spring quarter

By JACK LAIL
Staff Writer

Spring Quarter dorm occupancy is up over last year according to Dan K. Wooten ECU housing director.

"The Spring Quarter occupancy rate is up five percent over last year," said Dan K. Wooten, director of housing. "The dorms are 92.5 percent filled. The men's dorms have a 95 percent occupancy rate and 91 percent for the women's dorms.

"The contract system has been very successful this year. The contract has helped in two ways. First, it has allowed us to take in more students, because the students who plan to move to off campus after one quarter did not tie up rooms. The second is financial, the more income we have the less increase of room rent, if any, is needed."

"We don't know if we will have to raise dorm rent yet," said Julian Vainwright, assistant to the business manager. The NC Legislature may raise salaries and that could have some bearing on the rates.

"This years contract, like last years, will state that the maximum will not exceed $130. We try to keep it as low as possible. We are at a break even point now."

"Students may start paying the $60 deposit for rooms May 3," said Wooten. "The $60 deposit will be credited to Fall Quarter next year, not Spring Quarter like this year. This will keep students that withdraw from school from losing $60.

"Students can sign up for rooms May 4, 5, and 6."

HOW TO USE FOUNTAINHEAD CLASSIFIEDS

SIZE: To determine the no. of lines needed for your ad, figure 40 letters and spaces per line. Ex. The following ad contains 67 letters and spaces, thus requiring 2 lines:

FOR SALE: 1 slightly used but like new
widget. Reasonable. 758-xxxx.

RATES: First insertion: 50 cents first line, 25 cents each additional line. Additional insertions; 25 cents each line. EX. The above 2 line ad inserted in 3 issues would cost:
.50 plus .25 equals .75 for first insertion
.25 plus .25 equals .50 each for second and third insertion.
Therefore total cost is 1.75. No charge for lost and found classifieds
PAYMENT: Classified payable in advance. Send check or money order along w/ad to: Fountainhead, Classified Ad Dept., Old South Bldg., ECU, Greenville, N.C. 27834.
DEADLINES: Fountainhead publishes Tues. & Thurs. All classifieds & payments must be received 2 days prior to requested insertion date.
COPY: Fountainhead tries to publish only legitimate classifieds. Fountainhead reserves the right to reject any and all ad copy that, in its opinion, is objectionable.
ERRORS: In case of errors in copy for which it is responsible, Fountainhead will make the corrections in the earliest possible edition, without charge to the advertiser.

Power of Attorney contract drawn up

By DENNIS LEONARD
News Editor

The law suit being organized by the Organization for Students' Rights (OSR) which is taking action against the City of Greenville for damages inflicted during the Halloween Riot in October of 1975, has resumed action after a brief break.

According to Tim Sullivan, SGA president-elect, Jerry Paul's, attorney for OSR, inactivity in the suit during the past few months is due to his involvement in cases still pending prior to the OSR's hiring of Paul.

It has also been rumored that Paul's son is terminally ill and the successful civil liberties attorney is choosing to spend his time with his son.

The law suit is being filed by Paul against the Greenville Police Department, and the City of Greenville for damages incurred on October 31st.

Tim Sullivan presently has the power of attorney contracts drawn up and ready for the defendants in the case to sign.

Sullivan is urging all persons arrested during the riot to be sure and fill out the power of attorney contracts which in essence approves Jerry Paul as the defense attorney for the student oriented suit.

According to Ernie Wruck, co-chairman of the OSR, the committee will be getting in touch with everybody who is going to get involved and have them fill out the power of attorney forms. These forms will be signed by each individual and then sent back to Jerry Paul.

"I want to stress that even though there has been a great delay, if we are going to be able to take sworn depositions from the people and proceed through the summer, then we must have cooperation," said Wruck.

"We are hoping things will get going in a month or so, but we have to get people before a Notary Public to get full accounts."

"We want an address from the seniors and those leaving so that we can get in touch with them as soon as we get the money from the settlement," added Wruck.

Safety Committee provides report

Editor's Note: The Special Committee on Safety of the Student Government Association administered a questionnaire on March 24, 1976, to ascertain student sentiment on various areas the students thought to be of an unsafe or hazardous nature. Hopefully this student input can help in maintaining a safe environment for the East Carolina community. A copy of this questionnaire was presented to Cliff Moore, vice chancellor of Business Affairs, and his response was positive, according to Reid Strickland, chairman of the committee. The sample is composed of 273 respondents out of 485 questionnaires sent out, 195 Day Students and 78 Dorm Students.

In responding to the question, "Do you think there are hazardous areas on campus?" Day Students: 75 percent responded affirmatively, 16 percent responded negatively, 9 percent no comment, or did not respond. Dorm Students: 80 percent responded affirmatively, 16 percent responded negatively, 4 percent no comment, or did not respond.

In responding to the question, "Do you think there are hazardous areas off campus?" Day Students: 66 percent responded affirmatively, 16 percent responded negatively, 18 percent no comment, or did not respond. Dorm Students: 67 percent responded affirmatively, 16 percent responded negatively, 17 percent no comment, or did not respond.

In responding to the question, "If the proposed crosswalk were built, would you use it?" Day Students: 73 percent responded affirmatively, 22 percent responded negatively, 5 percent no comment, or did not respond. Dorm Students: 91 percent responded affirmatively, 7 percent responded negatively, 2 percent no comment, or did not respond.

In responding to the question, "If you answered NO to the above question, why did you answer NO?" A general statement of the reasons for answering no is, "Either the students felt that the area did not involve them or that the construction would be a waste of money, because students would not use it." Specific reasons were "graduating, impractical idea, more trouble than it is worth, don't live on the hill, don't go that way, live on the other side of town, don't live there, people are smart enough to cross the street by themselves, It would be ugly, I never go up on the hill, people could throw objects off onto traffic and those below."

The responses to certain areas are categorized below:

Buildings:

Classrooms: Specific buildings mentioned: Music Building, Art Building, Physics, Brewster, Speight, Chemistry lab, Rawl, and Old CU area. Specific areas in or around buildings mentioned: between Speight and Austin, stairwell between A and B wings in Brewster, area around the old CU, Speight needs elevators for the handicapped, music building needs better lighting. General Statement-Lights, stairwells, maintenance in general, more utilities for handicapped needs looking to. Construction areas need better lighting and other safety precautions should be maintained around such construction areas.

Dorms: Specific Dorms mentioned: Garrett, Tyler, Fletcher, Belk, Greene, Aycock, Umstead, and Cotten. Specific areas in or around dorms mentioned: visitation rules not enforced in Tyler, elevator hazardous in Tyler, Fletcher basement is hazardous, path beside Greene Dorm needs more lighting, parking around dorms is inadequate, hazardous cleanliness conditions, more ramps needed for handicapped, stairs need more lighting, heating is inadequate, Aycock-vandalism, area between Garrett and Art Building needs more lighting, construction hazardous. General Statement: Lighting in and around dorms, inside and outside is inadequate, maintenance in general, construction around the dorms presents numerous hazardous conditions, ramps and other utilities for the handicapped are not adequate, vandalism and general cleanliness-all need looking into-especially lighting around the dorms and other buildings i.e.-Umstead, Cotten, and Joyner Library.

Transportation:

Streets: Streets specifically mentioned: South Pitt, 10th, Meade, Cotanche, Georgetown Shopping Center, Reade, and the Mendenhall area. Specific areas mentioned: slow traffic on Tenth Street, unpaved roads around Mendenhall need repair, streets on campus need repair, cracks and unlevel areas, curbings, streets on campus are too narrow to accommodate the traffic, curve at Scott, Tyler, Belk, no one yields to pedestrians on campus, street between Clement and Georgetown hazardous crosswalk. General Statement - The streets are in need of general repair, needing immediate attention to eliminate such hazards, and the enforcement of pedestrian crosswalk, bike and auto laws may need more strict enforcement.

Intersections: Specific intersections mentioned: 10th and College Hill Drive, Dickinson and Greene, downtown intersections in general, Reade and Cotanche, Five Points. General Statement: the above cited intersections, especially 10th at College Hill Drive, need looking into as to their potential to create hazardous situations for students and non students; and so that improvements can be made to eliminate these hazardous conditions, need for more enforcement of existing traffic laws is warranted. In many places on campus yield signs might be more appropriate than stop signs.

Parking Facilities: General Statement: All parking is severely inadequate, and specific parking areas need more lighting. Specific parking areas that were cited as needing more lighting: Allied Health building, area behind the Joyner Library and more lighting all over campus.

Sidewalks: General Statement: Bikes on the sidewalks, as well as skate boards create hazardous situations for pedestrians; more ramps are needed for the handicapped; lighting is inadequate; and pedestrians don't use the sidewalks and appear to create hazardous conditions. Specific areas mentioned: in front of the Music Building, beside Brewster, 5th Street, route to Minges, in front of old CU.

Crosswalks: General Statement: More ramps are needed for the handicapped; lighting is inadequate; and bikes and cars do not yield to pedestrians. Specific areas mentioned: 10th and College Hill Drive, beside Speight is slippery when wet.

Bikes: General Statement: More bike routes are needed; bikers do not always follow the laws; too many bikes are left on the sidewalk making it difficult for handicapped people; more bike racks are

Would you believe...

From hardhats to frat rats; MEN!

By PAT COYLE
Features Editor

As American society changes, there remains one "institution" that stays the same. No, I'm not talking about Cherry Hospital, or even Central Prison, I am referring to the American Male.

We are taught that in prehistoric days, men asserted themselves by grabbing the woman of their choice and dragging her by the hair back to their cave sweet cave. Things aren't that bad anymore. Now men drag us by the hair to their executive suite in Scott Dorm, or to the backseat of their Volkswagon, whichever is closer.

Many might argue that I'm behind the times, that the feminist movement has changed the outlook of many. I agree that Gloria Steinem and Germaine Greer and the rest have changed the minds of many; many women that is.

Really it's not so bad being a woman, chauvinism and all. I don't mind at all if a gentleman opens doors for me, and lights my cigarettes. They don't even have to twist my arm if they want to buy me a beer or a hamburger.

I'm definitely not as extreme as some of the more vocal feminists. I don't have any plans to burn my unmentionables, and I certainly do not intend to pursue a lifelong career as a telephone lineman (or should I say line person). But there are a few things that do get on my nerves once in a great while.

AND THE CAMPUS GROWS

At around 8:30 each morning, I start my weary journey from the dorm to class. At around 8:33 each morning, I approach the new art building. At around 8:34 each morning I get the uncontrollable urge to make obscene hand gestures at the gawking, drooling, mumbling group of creatures who make a career of construction work and a hobby of making guttural sounds at female passersby.

The amazing thing about hard hats is the extraordinary communication system they seem to have. As a girl edges up the street, there may be two or three workers scatterd from girder to girder. The girl need advance only a few steps before scores of dazed brutes have gathered together, and are hanging deftly from the steel beams.

The sounds they make can only be described as a cross between an excited chimpanzee and a revved up Honda 750.

Needless to say, by the time I am out of whistling distance from the art building, I feel flustered, embarrassed, but totally aware of my femininity.

Just as I start to regain my composure, I reach that famous area of campus known as "the wall"; the area around the old C.U.

The wall has its share of gawkers, but these macho creatures, being mature college men, are much subtler than their blue-collar counterparts. They seldom lower themselves to the level of making audible noises to young women. College men usually limit their girl-watching activities to a discreetly raised brow (and, of course, an argument with their buddies on what the lady's rear rates on a one to ten scale).

EVEN IN THE HALLS OF LEARNING

See Chauvinists, page 10.

Essay winner discusses the feminine experience

Editor's Note: The following piece won first prize in an essay contest sponsored by the Women's Residence Council.

By RENATE W. THOMPSON
Special to Fountainhead

Almost two years ago, I gave up the relative security of marriage for my freedom. I still do not have it. I never will until all women become aware of the plight we are in. The first step has been becoming aware of the solidly extreme prejudices in our society against women. The second logical step is now here. Involvement! It is up to each of us to help make the changes.

It is encouraging to look around and see more women just like me from all walks of life striving for liberation. The Feminist movement has given me moral support to stand tall in a man's world. Without the Feminist movement, we would not even be heard. The movement has become the voice and heart of us. It is up to us to support it in order to achieve our goals. This is just the beginning. It is still a long road to freedom.

Some of my sisters are still balking at the idea of total liberation. Some are still afraid to speak up and some believe it is better to stay in the traditional roles.

My courage is aided by knowing I am not alone. There are many women in the Feminist movement who have helped me in achieving my freedom. After all, who knows more about the problems facing a woman than another woman?

The problems that face me are numerous, and will continue to be so until every prejudice against women is chased down and gotten rid of. These are the kinds of problems that would very likely never even be encountered by a man.

It is much harder, economically, for me to raise my child alone. I not only have to be there to support him emotionally, I have to be able to provide the essentials--food, shelter and clothing. As the head of my household I have to provide financial security for the both of us. A prospective employer would never dream of offering a man as head of the house a minimum wage. I have yet to figure out how to pay rent, provide food and pay a ridiculously high day care fee on a minimum wage. If the pay scale were to be set at a more reasonable level, I and many women like me would be able to get off the welfare rolls.

Some of the attitudes prevailing in the work force today are beyond reason. I lost a chance for a secure job which offered raises and benefits when I was asked during an interview if I was a "women's libber". When I replied affirmatively the interview came to a screeching halt. He said, "Once in a while I even let my secretary sit on my lap." I was obviously not what he was looking for. These attitudes have to change. In order for women to become liberated, men have to become liberated also. If they don't, the whole movement will become bogged down with constant bickering and trivia. Then of course, the whole point will be missed.

The entanglement with our outdated archaic laws seem endless. They are still there, however subtle or bold. In Louisiana it is the law that the man is the "head and master" of the household. Every cent a working woman makes is subject to control by her husband. Her money may be seized by law to cover her husband's debts, even those incurred before the marriage. Of course the husband's money is in no way under control of the wife. When I was repeatedly harrassed by my husband after I left, I was told that my husband had the right to do so until we became divorced. When he was finally ordered to say away from the premises, I could not even get it enforced. What are the reasons given for these laws? To protest women! I say "who needs it"? This is the Feminist movement's greatest job--to throw out these outdated laws and bring in new and better ones.

One solution that I have chosen to help me is education. My education can help wipe out ignorance and pave the way to enlightenment. More and more women are school today than ever before. Educated women are helping to pave the way for others. Today there are more of us as teachers, lawyers, doctors and political leaders.

RENATE W. THOMPSON, winner of Women's Residence Council contest.

Politically, it is vital that we take care in electing into office the kind of politician that will voice our needs and actively promote our interests. I for one an tired of hearing a male politician telling me that he is against the Equal Rights Amendment. In George Wallace's own words he said, "I am against ERA, but I'm for women's equal rights. The E.R.A. would take away certain rights women now enjoy." The only right I would see taken away from me is the right of a man to control my life.

The changes in attitude must also be made in the home, where the roots of discrimination lie. I, as a mother, have the responsibility to make a conscious effort to teach my child a new and better way. Because I am able to teach him a better attitude, he in turn will be able to bring this understanding into his home.

This year has been designated as International Women's Year. As I have become more aware and involved in my personal liberties, I have experienced many things. I have been discriminated against merely because I am a woman. I have been cheered on by both women and men in my endeavors. I have given up my old way of life for a new and better one. I have been frightened by the enormity of the problems that have faced me and continue to face me.

The worst kind of discrimination that women have ever experienced has always come from other women. For far too long we have let men come between us. We have let them destroy our sisterhood by turning us against each other. We have, for too long, allowed men to make us doubt each other through petty jealousy and rivalry. It's time that we stop looking at each other as if we are enemies. I have received the help and understanding of other women like me who are wiser and a little more experienced. I, in turn, will help a sister next to me. That is what it's all about.

CHAUVINISTS

Continued from page 9.

Many of you might expect that my next observations will be related to lecherous profs who direct their lectures to the girl on the front row's legs. I have only encountered one of them in my many years here, and, well, let's just say he wasn't a leg man.

I have, however, encountered some blatant oglers within the confines of the hallowed halls of a classroom building.

In case no one has noticed, they're doing all sorts of work on the old wing of Joyner Library

Each Tuesday and Thursday afternoon, I make my way to my broadcasting class on second floor, Joyner. Without fail, I have to edge my way through a maze of electricians, pipefitters, and goodness knows who else to get to class.

These guys never seem to be too busy to pause and watch as the females pass. In fact, they always "happen" to be on the stairs as unwary women ascend and descend. One backwards glance by a girl, especially one wearing a skirt, will bring quite a surprise. For, without fail, a flight below there will be two or three or more workers, eyes gleaming, faces shining, watching their idea of high quality entertainment.

WE ALL NEED FRIENDS

This is not to say that all girl-watching is done by hard hats and other strangers. It seems that many men feel it's their responsibility to show their awareness of their friends' feminity as often as possible.

This is fine in certain circumstances. A subtle pinch, an affectionate hug, can be a real ego-booster. But when you're walking into the soda shop with that new man you're just crazy about, and you're accosted by someone who accuses you of leaving your undies in the back seat of his car, well...

NC's first bicycle route spans over 600 miles

RALEIGH, February 25---N.C. Department of Transportation (DOT) officials have selected North Carolina's first cross-state bicycle route.

The 600-mile course, known as the Bicentennial Bicycle Route, runs from deep within the Appalachian Mountains to the coastal Outer Banks. This route is the first of five or six such bicycle routes to be designated throughout the state.

The Bicentennial Bicycle Route was developed, over a two-year period, by DOT's Bicycle Program staff. "Our primary purpose in selecting the route was to provide some measure of safety for the bicycling public. In selecting the bike route, our staff chose roadways with low traffic volumes and good road conditions," explained Curtis B. Yates, North Carolina Bicycle Program Coordinator.

Yates said that his staff is in the process of producing a bicycle route pamphlet that will include detailed maps of the Bicentennial Bicycle Route along with a descriptive narrative and information about service facilities and other points of interest. He added, "The bike route pamphlet will be available to the public and we hope to have it ready in the next two or three months."

Cyclists interested in finding out the recommended bike routes in their areas or those seeking other bicycling information are urged to contact Curtis B. Yates, N.C. Bicycle Coordinator, N.C. Department of Transportation, P.O. Box 25201, Raleigh, North Carolina 27611, (919) 829-2804.

EDITORS NOTE: A general map of the Bicentennial Bicycle Route is attached. Detailed information about the route may be obtained by calling the Bicycle Coordinator's Office (919) 829-2804.

ENTERTAINMENT

Doobie's new album is step down

By R. WHITSON
Staff Writer

Falling flat on their collective musical accomplishments, The Doobie Brothers have produced an LP that, in comparison with their previous works, seems to lack the band's typical close-knit, hard-driving flair. The emphasis is instead upon the mellow jazz-oriented harmonies produced by the vocal trio of Tom Johnston, Patrick Simmons, and John Hartman, which while enjoyable are hardly equal to the trend setting eloquence of **Toulouse Street** or **The Captain and Me.** Their new LP, **Taking It To the Streets,** offers a new, very nearly total jazz sound that may be the band's salvation or...

Upbeat electronic jazz opens side one. "Wheels of Fortune" features Tom Johnston and Patrick Simmons combining their acknowledged fretwork with the Memphis Horns to provide the first glimpse of the Bros. new world of jazz. The song is comparable to some of their earlier works, but is so much a break from their traditional hard-rocking style that one feels as if one is hearing a totally different band.

Consistent with the mood created by its predecessor, the title track, "Taking It To the Streets", is a foot-tapping number that attempts to convey a social message: "You don't know me but I'm your brother, You don't know my kind in your world. You're telling me the things you're gonna do for me, I ain't blind and I don't like what I think I see. Tiran Porter offers his firm bass accompaniment to the tune, which while not one of the band's best, is one of the LP's finest moments.

Kicking back with one of their old style, good-times, get funky numbers, the Bros. rock with "Eighth Street Shuffle". Some of the best vocalization and guitar picking since "China Grove," the tune is like a retreat into the old sound until Johnston explores some reality of the band's new style. The harmonic choruses make this song one of the LP's best.

THE DOOBIE BROTHERS have produced a more jazz oriented LP with TAKING IT TO THE STREETS.

The last song on side one, "Losin' End", is just that, the losing end of what could best be described as excellent mediocrity. Evidently attempting to cash in on the whims of a mellower (burned-out?) record buying public, the band produces a sound that is very nearly painfully unidentifiable as a Doobie tune.

Here on side two the band continued to explore their new style. Entitled "Rio", the first cut praises the benefits of this sun-warmed hideaway from all cares. An earthy, jazz oriented funk tune, it offers clear personification of the revitalized Doobie Brothers sound. The Memphis Horns provide a big band backdrop that surrounds Marie Muldaur's five word cameo appearance (she still gets cover credit though). The percussion work makes this an enjoyable tune, but the hard-driving electricity once so evident is now dishearteningly absent and the overall effect suffers from its loss.

Even the Doobie Brothers can produce a clear loser and "For Someone Special", an overly sentimental tear-jerker, is just that. The tune's closing instrumentals salvage it from totally soporific disaster.

Wriggling through some interesting Arp keyboard work, Tom Johnston combines with Tiran Porter's bass to produce "synthetic funk". An interesting reappraisal of the band's old style, "It Keeps You Running" is definitely worth a listen.

Old style Doobie music is next, as the band cranks out "Turn It Loose" which is without a doubt this LP's finest cut. Johnston's vocals and guitar picking still provide the sound that made the band famous. "I'm gonna make it, I'm gonna try, Ain't no use to sit here and cry...Turn it loose." The band excels on this number and produces the album's only real foot stomper.

Reactionary music critics may be appalled at the band's new sound, but following the general jazz influx into the "pop music scene", it's apparently the only course left open to the Doobie Bros. who could not help but note the demise of the Allman Bros. and the declining national appeal of the Marshall Tucker Band. The album draws to a close with another example of the band's new attempt at a return to the rock lime light.

Last, but not least, the band further explores their new sound with "Carry Me Away". A medium-strength foot-tapper it offers a fitting close to an album that never quite satisfies.

Doobie Brothers music, **Taking It To the Streets**, on Warner Bros. Records, the same band, a different sound, for serious Doobie fanatics only.

Methodist Coffeehouse

HE SONS OF GLORY, are a group of usicians whose main desire is to see hers come to know the truth of love rough the music God has given them. ey will be performing at the "Harvest" coffeehouse this Friday, April 30, at 8:00 p.m. The coffeehouse is located in the Methodist Student Center, 501 E. 5th St., across from Garrett Dorm. Admission is 25 cents.

Greenville Movies

PARK

Adios Amigo - Last day to see this western comedy, featuring the amazingly talented Richard Pryor and Fred Williamson. I think I will see this one myself. Shows at 3:20, 5:10, 7:00 and 8:50. Rated PG.

Starts Friday **Play It Again Sam**, the Woody Allen comic classic. If you missed this one, see it now! Rated PG.

Late Show Friday and Saturday nights. The Beatles inspired movie, **Yellow Submarine**. Shows at 11:15

PITT

Last day for **The Black Bird**, the comedy sequel to **The Maltese Falcon** both starring George Segal. Shows at 3:45, 5:30, 7:15, and 9:00. Rated PG.

Starts Friday, **All The President's Men.** Rated PG.

PLAZA CINEMA I

Breakheart Path finds Charles Bronson on a western train ride that is filled with adventure. Rated PG. Shows at 3:15, 5:15, 7:15 and 9:15.

PLAZA CINEMA II

Last day to see the hard core disaster flick for all you disaster flick lovers. **The Towering Inferno** with an all star cast and three academy awards is said to be the disaster flick to end all disaster flicks. We can but hope. Shows at 2, 5, and 8. Rated PG.

The Duchess and Dirtwater Fox starts Friday, starring George Segal and Goldie Hawn. Rated PG.

FREE FLICK

Student Union offers you a final choice for Friday night. If you must see a movie, **Diary of a Mad Housewife**, is the last and possibly least of your choices. Shows at 5, 7, and 9.

ECU Concert Choir Apr.8

The ECU Concert Choir under the direction of Brett Watson will appear in concert in Wright Auditorium on Thursday, April 8, at 8:15 p.m.

The concert will open with two sacred motets by Victoria, the greatest of the Renaissance Spanish composers. The motets will be sung from Wright balcony in the tradition of 16th century cathedral singing. Charles Ives' musical setting of Psalm 24 and Hugo Wolf's Six Sacred Songs will be performed from the Wright stage.

Featured on the program will be Johann Sebastian Bach's **Cantata No. 4, Christ Lay in Death's Dark Prison.** This cantata for Easter, the most popular of all the Back cantatas, deals with the crucifixion of Christ and the joy of the triumph of life over death. The cantata will be performed with harpsichord, brass, and string orchestra.

The second half of the concert will include **Five Flower Songs** by Benjamin Britten as well as folk songs and spirituals. Jackie Willis Rausch of Morehead City and Vickie Lynn Spargo of Raleigh will be featured as soloists.

An admission fee of $1.00 will be charged. Proceeds will be used to help defray expenses of the choir's upcoming spring tour.

WECU Record List

WECU'S TOP TEN LPS

1. Peter Frampton - **Comes Alive**
2. Bob Dylan - **Desire**
3. David Bowie - **Station to Station**
4. Carole King - **Thoroughbred**
5. Bad Company - **Run With the Pack**
6. Santana - **Amigo**
7. Eagles - **Greatest Hits**
8. Tom Scott - **N.Y. Connection**
9. Paul McCartney - **At the Speed of Sound**
10. Led Zeppelin - **Essence**

Publications Board approves new editors

Dennis Leonard was formally approved as News Editor of Fountainhead Tuesday by the Publications Board. Leonard replaced dismissed news editor Jim Elliott, who was relieved of his duties two weeks ago.

Leonard was named them by Fountainhead Editor, Mike Taylor, to fill the spot but the nomination was not official until approved by the Pub Board.

The dismissal of Elliott, who was named as next year's Fountainhead editor several months ago, led to several questions from Pub Board members concerning Elliott's future as the editor-elect.

After approximately one hour's debate the Board closed the meeting without taking any action. But, the subject is still subject to be brough back on the Pub Board agenda by any member of the Pub Board, Taylor, Elliott, or any member of the Fountainhead staff, according to Pub Board Chairperson Diane Taylor.

Several Pub Board members promised to farther investigate the matter before taking any action on it.

In other action the Pub Board approved the hiring of two other Fountainhead staffers, Jackson Harrill and Cindy Broome. Both were named as Assistant News Editors. Harrill replaced Leonard who was elevated to News Editor and Ms. Broome filled the vacancy left by Kenny Campbell, new Ebony Herald Editor.

The Board also approved the hiring of a Buccaneer photographer for next year to take class photos.

The Pub Board also approved a budget for the Key, a student handbook. Total budget calls for an expenditure of some $2500.

The resignation of three members of the Pub Board were also accepted. Phil Arrington's resignation was announced as was Pub Board secretary, Pat Flynn. Ms Taylor also announced her resignation effective April 30th.

POLICE

Continued from page 1.

my own house before I go accusing someone else," said Calder.

Calder suggested that someone on the ECU staff could have committed the break-ins, that is why he is checking every staff department on campus.

"There were certain pecularities in both thefts, and since it was obvious that access was gained by keys, I want to check the police, maintenance, custodial, and janitorial departments.

"The policemen should have nothing to fear by taking the polygraph if they have nothing to hide."

There are a certain number of student policemen on the ECU force, but according to Calder these students do not carry keys or have access to the buildings that were broken into.

"I feel the campus police should not be above reproach, so that is why I am starting the investigation within my own department."

Calder mentioned that he would be pulling in outside investigative agencies to fairly and fully investigate the campus break-ins.

Calder refused to comment on who or what investigative agencies were being brought into the cases.

COMMITTEE

Med School nears site accreditation

Continued from page 1.

will be completed by this summer,'' said Laupus.

''Once the residency program has been established and we have received accreditation it will be possible for us to graduate practicing doctors within a year,'' said Shepherd.

''We have hired approximately half of the necessary faculty and expect to have the remainder hired by early summer,'' said Laupus.

''Because we had a one year program we had a staff of 13. All of those people will be teaching in the new medical school. However we need department heads for each of the 13 departments and additional faculty for those departments.

''As those department heads will also be chiefs of staff in their particular area at Pitt Memorial, we have had to work with the hosptial in recruiting the doctors,'' said Shepherd.

''We will also be using faculty from Allied Health and the School of Nursing for the teaching program.''

In the basic sciences six faculty members have been hired. Dr. David L. Beckman, from the University of North Dakota School of Medicine has been apppointed Professor of Physiology.

Dr. Edward M. Lieberman from Bowman Gray School of Medicine has been hired as an Associate Professor of Physiology. Dr. R. Frederick Becker, a noted anatomy professor from Michigan State will also be on staff. Dr. John Yeager, also from Michigan State, will be an assistant professor in physiology.

Dr. Alphonse J. Ingeniot, an associate professor of pharmachology from the Albany School of Medicine, and Dr. Thomas M. Louis, an assistant professor of anatomy from Oxford, will be on the staff.

Dr. Wilhelm Frisell from the New Jersey School of Medicine will serve as head of the biochemistry department and the assistant dean of the graduate program.

In the clinical departments Dr. Jon Tingelstad will work in pediatrics and Dr. James L. Mathis from Richmond Medical College will be head of the Psychiatry department.

''Negotiations are almost complete concerning the Pathology and internal medicine staffs and there will be a definite confirmation by the end of May,'' said Shepherd.

The curriculum for all the departments has already been established and the consultation committee saw no problems according to Shepherd.

Facilities for the medical school are nearing completion. Pitt Memorial Hospital is expected to be completed in December. Ragsdale is presently under renovation and should be completed sometime in May according to Laupus.

''We may be ahead of schedule as far as completing facilities,'' said Shepherd. ''Ragsdale, the Science Complex and part of Whichard Annex are the areas on main campus that will be utilized by the school for teaching. In an agreement made in December 1975 with Pitt Memorial Hospital it will be a teaching hospital.

In the future a Medical Science building is expected to be built near the new hospital and all offices will move there, but that will not be for another three years,'' said Shepherd.

''When the school is opened we will be able to offer more services to the people of eastern North Carolina. Not only will we be producing more doctors for the state but more physicians will be willing to set up a practice near a medical school and a teaching hospital.''

''In addition to the emphasis on primary medical care, the presence of a specialist the faculty of the school which aid in the delivery or tertiary care,'' said Laupus.

''When the legislature gave us the $32 million, it was stated that our medical school would train doctors in primary care such as family, internal, pediatric, obstetric, and psychiatric medicine.

''Aside from offering all those services we will also be equipped for ''to handle specialty services'' and will maintain a parinatal center. The parinatal center would be a regional intensive care center for new born babies.

''Approximately 2400 high risk babies are born in eastern North Carolina every year. A parinatal center could reduce the number of infant mortality rates considerably,'' said Shepherd.

Dr. Laupus feels that the medical school will be ready for a site accreditation this summer and still hopes that the first class, which he estimates will be 32 students, will begin within the year.

''This medical school is here to help the people of eastern North Carolina by providing them with the necessary medical services and with more doctors for the entire state,'' said Laupus.

''Presently there is one doctor for every 1550 people in eastern North Carolina. There are some counties which have only one doctor. In the Piedmont there is one doctor for every 700 persons,'' said Shepherd.

''This area needs a medical school and the school will result in more doctors for the area and the state.''

''We have had inquiries from residents who would like to finish up their final year in our program.''

Job market may improve for students

By DEBBIE JACKSON
Staff Writer

The job market for college students this summer in Greenville may be improved over last year.

"It's always been a problem getting a job around a college town, particularly in the summer," said Furney K. James, ECU placement service director.

James said he believes that the job market for students seeking summer employment here might be just a little bit better than last year.

Darrell D. Johnson, placement supervisor for the state Employment Security Commission, agreed with James.

"The situation is always tough," said Johnson.

However, he said, jobs for students may be somewhat more plentiful this summer.

Fast turn-over jobs, such as construction, clerical and sales-clerk positions will be the students' best bet, said Johnson. He also cited employment in convenience stores and restaurants as possibilities.

Johnson also cited July and August as the big months for the tobacco business, but admitted it is hard to get students into the fields.

"They'll just have to go to where the jobs are and apply," said James.

James said students should also apply at resort areas such as Morehead City or Wilmington.

"If you really want to make money, get a job selling something," said James.

He believes that students can make good money here by selling products door to door. Companies like Amway and Avon give relatively high commissions, according to James.

Johnson noted that the 4,000 students who leave Greenville in the summer do not drastically affect the job market. What does affect the market here, however, are the students from other areas who live in Greenville during the summer and need summer employment.

According to James, the main reason for the lack of jobs here is simply oversupply.

"The job market is an employer's market and they can pretty well pick and choose," said James.

James recommended students seeking employment to dress appropriately and to relax during interviews.

HOMECOMING

Continued from page 1.

The Homecoming Steering Committee and an administrative committee consisting of Dean James Mallory, Dean Rudolph Alexander, Mr. Don Leggett, and Dr. Carl Graham, agreed to ask for $5000 from the Student Government Association for preparations of Homecoming 1976.

The projected budget is $5,075. However, because $702 has been left from the budget allotted to Homecoming 1975, the Committee and the administrative committee agreed to round the figure off to $5000. Katie Kennedy, SGA Secretary, will introduce a bill to the Legislature in order to appropriate the $5000 from the SGA.

The proposed budget for the general activities for Homecoming 1976 include the following:

Parade	
15 floats at $125	**$1,875**
10 bands at $75	**750**
Decorations	
20 dorms and houses at $25	**500**
5,000 pom-poms	**600**
trophies and flowers	**250**
parachutist	**100**
entertainment	**500**
contingency fund	**500**
TOTAL	**$5,075**

STUDENT UNION

of sellable contemporary entertainers to satisfy the students' needs for continuous programming.

This year the committee has presented two of the finest shows in the history of the Major Attractions Committee. The first show, Linda Ronstadt, was not only a box office success but provided a totally coherent program especially when supported by two fine back-up acts like Andrew Gold and Goose Creek Symphony. The other show, James Taylor, has been referred to as the finest performance by a single artist ever to appear on ECU campus. These two shows represent the committee's ability for intuitive programming.

Special Concerts - This committee is responsible for selecting and presenting a special concert series and other attractions to meet the needs of students who desire entertainment which bridges the gap between Coffeehouse and Major Attractions. Next year the committee will be responsible for recreational events such as ice cream bingo, soap box derbies, frisbee contests, etc.

Next year's committee heads are:

Art Exhibition - Brent Funderburk
Artist Series - Chris Pitsenbarger
Coffeehouse - Ruth Morris
Entertainer - Georgina Langston, Scott Bright, business manager
Films - Larry Romich
Lecture - Dennis Ramsey
Major Attractions - Bob Seraiva
Minority Arts - Coretha Rushing
Special Concerts - Bruce Whitten
Theatre Arts - Charlotte Cheatham
Travel - Becky Bradshaw
Video Tape - Steve Jernigan

Stadium Fund Drive Authorized

Trustees vote for SC withdrawal

The Board of Trustees Tuesday passed a resolution calling for the withdrawal of ECU from the Southern Conference as of July 1, 1977.

In a five-part recommendation passed by the board, stadium expansion was also called for as well as continued efforts to improve women's athletics, evaluation of other sports at the university and a continued effort on the part of the school to check the possibility of ECU joining an existing conference or a new conference.

The five-part proposal was submitted to the Board by Chancellor Leo Jenkins after a special committee set up by Jenkins drew up the recommendations and presented them to Jenkins.

The Board's actions will mean the University will cease its affiliation with the Southern Conference as of July 1, 1977. The motion as passed also stated that the University will officially notify the conference of their decision at the May, 1976 meeting of the conference.

The two items approved are part of a five-item recommendation made by an ad hoc committee appointed January by the Board of Trustees. The five items, all unanimously approved, are:

1. To continue our efforts to improve and support our program in women's athletics to be in compliance with Title IX regulations
2. Authorize a fund raising effort to expand the football stadium
3. Withdrawal from the Southern Conference with notice to be given at May meeting to be effective July 1, 1977
4. Evaluate each athletic sport of ECU and make appropriate report
5. Be vigilant in regard to possibilities of joining some existing or some new conference or affiliating with other schools whose interests and programs are compatible with those of ECU

Chairman of the ad hoc committee of the Board of Trustees was Clifton Moore, Vice-Chancellor for Business Affairs and faculty chairman for athletics at ECU. Serving as chairman of the Southern Conference withdrawal aspect of the recommendations was Ashley Futrell, editor and publisher of the Washington Daily News, while Roddy Jones served as chairman of the stadium expansion recommendation.

On withdrawal, chairman Futrell said: "There is no middle course. Either we stay in or get out. This is nothing against the Southern Conference. It's a fine institution, but the Southern Conference is on the verge of being named I-A by the NCAA committee studying the I and I-A alignment of football playing schools. Also, if we approve the football stadium expansion we have no choice but to leave the Southern Conference and join with others going in our direction."

A chairman and vice-chairman were appointed to head up the stadium expansion drive. The chairman is Robert "Roddy" Jones of Raleigh, former chairman of the East Carolina Board of Trustees, while vice-chairman is Dr. Leo W. Jenkins, Chancellor of ECU. Jones was given authority to select a committee and begin work immediately.

Jones commented on when he thought the expansion could be done and completed.

"We see only a few problems that we still have to deal with," said Jones. "First there is the problem of raising the money, but we feel ECU and the Greenville community are ready for it and that we'll have the concentrated efforts of the people in the community.

"I would estimate that it would take two months for the final planning and that work needs to begin in the calendar year of 1976 for the stadium to be ready for use by 1977."

According to reports, much planning in the form of a feasibility study has already been made and that it would be possible for the expanded stadium to be ready for the 1977 football season.

Chancellor Jenkins called the Board's vote a major step in the history of ECU athletics.

"It's another illustration of our attempts to improve ourselves. We started out modestly in a small stadium, then we moved to one with a 20,000 seat capacity and now the Board authorized us to seek funds to increase the capacity to 35,000.

"Now in doing that, they also authorized us to schedule more of the giants if we possibly can. As you know, we played State before an audience of 47,500 and we play Carolina before about 45,000 each year, and we want more games of this type and more scheduling of this type.

"We hope we can arrange in the future, if this stadium drive becomes reality, that we can have a home and home series with Duke, Wake Forest, State, Carolina and Virginia. That's the type of schedule our students want and our followers here and fans want and the Board unanimously authorized us to move in that direction."

Turning thoughts to the withdrawal from the Southern Conference Jenkins said:

"We believe we can get more of the giants to play us if we are an independent, if we are free. The committee made visits to many of the large independent schools such as VPI and South Carolina and discussed thoroughly with them the scheduling process, and they came back and enthusiastically made this recommendation. And it was adopted unanimously."

Director of Athletics Bill Cain, said, "It's certainly a big step for East Carolina University athletics, a step we have talked about and studied and done everything possible to try and evaluate our position. We feel like this is the thing to do for the betterment of East Carolina athletics. And we are going to pursue to the point where we can have strong, healthy athletics, not only in one sport but in all sports, and this will enable us to compete on a true Division I scale."

Where do we go from here?

Cain looks at ECU's future as independent

By JOHN EVANS
Sports Editor

Now that the decision is in to leave the Southern Conference the next question which presents itself is what does ECU do now? Where is it to go and how far is it from really getting to where it wants to be?

ECU Athletic Director Bill Cain talked with FOUNTAINHEAD about the future of ECU as independent.

"The big thing now is to look to the future and not think of the past," said Cain. "Only the future will tell if we have made the right decision or not."

Most of the discussion concerning the Board of Trustees' decision to leave the conference dealt with the advantages it would have for the football program. According to Cain, the future of the football program was the major reason behind the decision.

"Certainly the question of whether the football program would be classified as Division One or Division 1-A was the idea we used as the reason for our exit from the conference. We did it mainly so that we could develop our football program.

"We know that we pretty well have the criterion for being classified as a Division One school by the NCAA and we are keeping in constant contact with the reclassification committee on the NCAA concerning our chances and what guidelines we have to meet."

Cain said that strong emphasis will be put on future scheduling in an effort to build the football program to a bigger level.

"We will be putting strong, strong emphasis on the scheduling from now on," said Cain, "and this will be a top priority.

"We know who we want to play and now we have to get them on the schedule. At the present time, though, we will be playing against the schools we already have contracts with."

Cain added that of the present Southern Conference schools there would be several schools which would drop from the schedule in the next few years. He cited two reasons for this.

"As of yet we can't say who these schools will be. First, there will be some schools which may want to drop us from their schedules now that we are out of the conference. Most of our commitments with the Southern Conference schools are on the basis of two-year contracts and we could begin scheduling new teams after those contracts run out.

"We have not yet established what schools these would be though," added Cain, "we certainly don't want to get anyone mad at us."

Cain said that the decision to leave the conference was not a surprise to the other conference schools because the idea had been brewing for some time.

"Something like this you just don't drop in someone's lap overnight," said Cain. "You look at it in terms of discussion over a period of months and the conference school s were all aware of it. Every school does it."

Turning back to the changes which may come in the program as a result of conference withdrawal, Cain said no priorities have yet been made concerning minor sports. The only true priority according to Cain was the development of the football program to big-time levels.

"A true evaluation of our program has to be done before we can do anything definite.

"Football is going to be, and has been, the revenue sport at this school and we are going to have to keep going in that direction. We are going to have to do more to get some priorities for basketball as the second revenue sport and possibly women's basketball as another revenue sport--because, if successful, they can bring in the next greatest number of gate receipts.

"It will require a fantastic job of promotion on our part to make it go anywhere and we won't be able to sit around and wait for it to happen. I assure you that we won't."

Cain added that some talk with other schools had occurred concerning the possible formation of a new conference but that there were no concrete plans.

"There has been a lot of talk and we've always been open to such talk. When we

Indians come from behind to take 10-9 win

By JOHN EVANS
Sports Editor

ECU scored eight runs in the first two innings and then took the rest of the afternoon off, allowing the William and Mary Indians to come from behind to down the Pirates, 10-9, yesterday at Harrington Field.

The loss snapped the Pirates' winning streak at nine games and dropped them to 3-4 in the Southern Conference. The loss virtually eliminated ECU from a shot at the league pennant.

The Pirates started off well enough, building up an 8-0 lead after two innings and appeared headed for a field day against the Indians. Despite the hard-hitting he received, Indian starter Chris Davis remained in the game and after the third, when ECU pushed across a run, he allowed but two hits.

And while Davis was calming down and cooling off the Pirates, the Indian bats were warming up on the pitching of Bob Feeney, Dean Reavis and Terry Durham.

Leading the way for William and Mary was centerfielder Rick Schwartzman. Schwartzman had a field day against the Pirate pitchers, smacking a home run and two doubles, while scoring three runs himself and batting in four more runs.

It was Tom Dolen's double over Glenn Card's head in the ninth, though, that scored two runs and gave the Indians the tying and winning runs in the top of the ninth. The hit came off Terry Durham, who up to that time had been pitching effectively for the Pirates. Durham was saddled with the loss dropping his season mark to 3-1.

ECU opened with four runs in the first as ten batters stepped to the plate in the inning. Steve Bryant started it off with a single and stole second base. Joe Roenker and Sonny Wooten reached base on a walk and a hit by pitch to load the bases.

Card singled in two runs with a single and, after Charlie Stevens walked to load the bases again, Koryda singled through the box to score two more runs and give ECU a 4-0 lead. ECU loaded the bases again, but Geoff Beaston struck out to end the inning.

The Pirates continued to rap Davis in the second with four more runs. Bryant led it off by reaching base on an error and Roenker singled to move him up. After Bryant stole third Wooten lined a single to score him. Wooten and Roenker advanced a base on the rightfielder's errant throw. Charlie Stevens rounded out the scoring in the inning with a three-run home run to left which put ECU up by an 8-0 count.

For the Pirates the rest of the game was downhill as Davis settled down to strike out eight Pirates and allow only two hits after the third.

Meanwhile, William and Mary scored three runs in the third--two on Schwartzman's roundtripper, a lone run in the fifth to close to 9-4, and four more runs in the sixth to come to within 9-8.

In the sixth Bob Feeney was chased after he gave up a leadoff single to Doug Melton. Dean Reavis, normally untouchable, relieved Feeney and was systematically drilled by the Tribe.

Reavis got a force at second, but Dolen and Steve Goad singled to load the bases. Schwartzman doubled to drive in two runs and Bobby Hauser scored Goad with a sacrifice fly. Dave McEllaney singled to score Schwartzman and Reavis was pulled by ECU coach George Williams.

Durham relieved Reavis and ended the inning by striking out Gary Oliver.

In the ninth, though, Durham slipped up and fed Melton a base hit with two out which kept the Indians alive. John Rice then looped a single to left to put the winning run on base. Dolan's double over Card's head cleared the bases and spelled the final death blow of the game for ECU.

Martinez receives honor

Former East Carolina University swimming coach, Ray Martinez, has been named a Master Coach by the College f Swimming Coaches of America.

A Master Coach is one who has served for at least ten years as either freshman coach, assistant or varsity coach of swimming, diving or water polo in a college or university and satisfies at least four of seven criteria. Those seven are: 1. win 50 percent of dual meets; 2. win a conference championship; 3. produce a national collegiate swimming champion; 4. produce an Olympic team member; 5. been active on CSCA committees; 6. conducted coaching institutes or schools or have participated in institutions or schools as a member of the faculty; 7. earned a masters degree.

Martinez satisfies six of the seven, lacking only an Olympic member. During his coaching era of 1954-68, Martinez reigned atop the Carolinas Conference and Southern Conference each year. It was Martinez who started the current streak of 11 consecutive Southern Conference championships at East Carolina by winning in 1966-67-68. Also, Martinez twice coached Pirate teams to the NAIA national championship, in 1957 and 1959. One of his clubs also finished second in the NCAA College Division championships.

In addition to his excellence at East Carolina, Martinez started the Greenville Swim Club, revived a dying spirit of swimming in eastern North Carolina, has owned and operated the Raynez Swim School for 16 years, served on the Olympic committee, served as chairman of the NAIA Swimming Coaches of America, chaired the North Carolina AAU Age Group for eight years, and has been voted a life member of the AAU.

For Martinez, this represents a second very prestigious award for his many contributions to swimming. In 1968, Martinez was awarded the first Robert Kiputh Award, an award given to one person each year in the United States for contributing to the excellence in swimming as voted by the AAU.

Martinez now serves on the East Carolina University faculty in the Department of Health and Physical Education.

Women's provisions pass

By JOHN EVANS
Sports Editor

Among the provisions of the legislation passed by the Board of Trustees was the continued efforts to improve the women's program in athletics at East Carolina.

The discussion on the resolution brought much discussion on the issue by the Board, especially Dr. J. Earl Danielely, who asked Athletic Director Bill Cain to make a report on the state of women's athletics at ECU.

Cain reported that there are nine intercollegiate sports sponsored by the athletic department at the present time and that the ECU program was a very good one.

"We feel our budget is tops in the state," said Cain, "and we feel that we are not only in compliance with Title IX but far above its stipulations.

Cain said that at the present time basketball was the dominate sport of the women's program, but that the programs in tennis, track and gymnastics were growing fast into competitive programs.

On the gymnastics program, Cain stated, "we hired a coach last year who is very proficient and we are sure we will have one of the better programs in the state in few years."

Dean of Women Carolyn Fulghum, who helped to serve on the committee dealing with the Title IX guidelines noted that "we talked to other schools in the state and we are far above the rest of them, as said to us by the schools themselves."

Danieley concluded the discussion by saying "it was important to note that there are nine intercollegiate athletic teams for women which are sponsored at East Carolina University, where most schools concentrate on only one sport--basketball."

The part dealing with women's athletics was passed unanimously by the Board along with the other four parts of the policy statement.

CAIN

Continued from page 36.

were in the Southern, though, we always tried to keep our thinking within the conference, now we can start looking in other directions.

"I personally feel it could be a reality with strong leadership from a school such as Virginia Tech."

Cain admits ECU is taking a big chance withdrawing from the conference and going independent, but he feels that it is in the best interest of the future progress of ECU's athletics.

"The principal purpose is to improve and to keep growing and this we are trying to do. We are thinking of the future.

"We've always been a leader at East Carolina at putting our foot forward and taking a chance. We have done this once again. We believe that as we develop our plans we can grow. The future will only prove whether we are right or wrong."

Time-Out

By JOHN EVANS
Sports Editor

Board's Vote Sets Future Priorities

Tuesday afternoon it took only a matter of minutes to confirm the rumors which had circulated several months concerning East Carolina and its future in the Southern Conference.

Last week this writer noted that the athletic department had to set forth priorities concerning the future of ECU athletics. Tuesday that is exactly what the Board of Trustees did. That is--they set forth definitive guidelines by which the university could proceed.

Although it took only a matter of minutes, less than half an hour, for the Board to make its decision, it was obvious that quite a bit of work, thought and research went into the decision. And the decision is one that may be one of the biggest, if not the biggest, ever made in ECU's athletic history.

The complete results of the Board's decision may not be entirely evident for several years now--for it will take at least a year and a half for the stadium expansion to become a working reality and then it should be at least another year before the "giants" take it upon themselves to come to the new stadium to play, instead of ECU traveling to "Tobacco Road" to play the ACC schools on their own territory.

This writer feels that the Board's decision is very timely and that, at the least, it was made with the utmost concern for the university's future in athletics on a state and national level.

As we have said before, this gets the "ball rolling" at least. The fact that the Board of Trustees, acting for the university, has at least made a decision to leave the conference will considerably aid the athletic program and its fund-raising for stadium expansion.

In turn, stadium expansion increases the possibility of ECU scheduling the bigger schools at home, such as the ACC schools and other top schools like Virginia Tech and South Carolina.

The decision to leave the Southern Conference was a logical decision in regard to where the conference is going and where its future expansion is expected to go.

As it stands at the present time, ECU if it had remained in the conference, would have been classified as a 1-A school along with the rest of the conference. Under the plan, this would have meant that the East Carolina football team would have been able to play only a certain number of Division One schools. These Division One schools would have included several of the school's non-conference opponents.

If East Carolina is to upgrade its entire program then the football program must be financially successful. We feel that only a withdrawal from the conference can lead to successful and profit-making gate receipts.

And apparently, the Board thought so, too. The unanimous nature of the Board's vote only makes the decision more decisive.

People must remember, though, that the football schedule for next year is still the same and that ECU will remain in the conference until 1977--so there is still some affiliation left with the conference between now and 1977, and the time that ECU becomes completely independent from the conference in every way.

Once again the Board's decision on Tuesday was a big step in the right direction and one that will most certainly be a good one.

Some questions need to be answered, though. These questions should be answered in the next few months as athletic policy becomes athletic advancement for ECU. Some sports may suffer, but in the long run we feel that the increased revenue will aid the entire program--both minor programs and the already well-established major programs.

Among other policy passed by the Board was legislation dealing with women's athletics, in accordance with Title IX, involvement or admittance in another conference, be it an already established conference or a new one, and continued evaluation of the entire athletic program at ECU, including sports which may be affected by the decision to go independent.

Among the advantages might be the possible aid to recruiting the prospect of playing a better schedule might give the school and the athletic program.

In summing up the full-scale importance of the Board of Trustees' decision son Tuesday, the importance of their decisions may not be obvious for at least several years--but in the future the Board's actions of Tuesday will prove to be an even greater advancement in the growth of ECU athletics than the original decision of the school to enter the Southern Conference fourteen years ago.

In the past years, though East Carolina, with a few exceptions, has outgrown the competition in the Southern Conference and can in no way help itself by remaining within the conference.

With this reason serving only as one reason for the whole, ECU must move on to "bigger and better things" and the decisions reached at Tuesday's meeting only serve to confirm and expedite these moves on to "bigger and better things".

We wish the school and its athletic program the best of luck in accomplishing the goals that the Board has taken action on to get underway.

Pirates down Pembroke, 4-2, tying streak record

PEMBROKE---ECU's baseball team swept to its ninth straight victory of the season Monday night by downing Pembroke State, 4-2.

The Pirates got good hitting from Joe Roenker, two hits and Rick Koryda, three hits and excellent relief pitching from freshman Keith Kurdewan in running their season record to 15-3. The win tied the school record of nine straight wins, set back in 1967.

Larry Daughtridge started for the Pirates and struck out five of the first six batters he faced, but he was chased in the fourth inning when his own wildness and ECU errors allowed Pembroke to penetrate for two runs.

Kurdewan relieved Daughtridge and blanked the Indians for five and one-thirds innings before needing help from Bob Feeney in the ninth. Kurdewan earned the decision, his second win of the year with no losses, and lowered his ERA to a team leading .43.

ECU scored in the first on a walk by Charlie Stevens and singles by Joe Roenker and Glenn Card and added two in the top of the fourth to take a 3-1 lead into the Indians' half of the inning.

In the fourth, ECU scored when Pete Paradossi walked, went to third on Robert Brinkley's double and scored on a wild pitch by Pembroke's Tom Jeter. Brinkley moved to third on the wild pitch and scored on a grounder by Howard McCullough.

In the bottom of the inning, Pembroke loaded the bases on Daughtridge with one out after scoring a run, but Kurdewan entered and got two forces to retire the side without any more scoring.

The final ECU score came in the top of the ninth on a double by Macon Moye which scored Roenker.

In the eighth, Pembroke threatened, as Terry Oxendine singled to open the inning and moved to third when Kurdewan tried to pick him off first and threw wildly. Oxendine was put out, though, by a pitch out on a squeeze punt.

In the ninth, Kurdewan was chased by Pembroke as they loaded the bases with two out. Feeney retired the last man on a grounder to end the game, earning a save for his efforts.

ECU met William and Mary yesterday in a conference game and will host UNC-Wilmington Friday afternoon at 3 p.m.

Pergerson combines hustle and hard work in game

By KURT HICKMAN
Staff Writer

The East Carolina tennis team has a new addition this year and coach Neal Peterson is all smiles.

Mitch Pergerson, a junior college transfer from Louisburg Junior College has joined the 1976 Pirate netters and his 6-2 record has sparked this year's squad. Pergerson's dedication to tennis and to his team has brought nothing but praise from his coach and teammates.

"I just can't say enough about Mitch Pergerson," says Peterson. "He dedicates himself so much to his own game, yet he still cares about the play of his teammates. Mitch is a rarity."

Although Pergerson carries the best record on the team up to this point, he never competed in tennis until he went to Louisburg. While attending Person Senior High School in Roxboro, N.C., Pergerson played only one sport-baseball.

"In high school I just fooled around with tennis," says Pergerson. "Baseball was what I really preferred. I wasn't interested in tennis all that much until I went to Louisburg."

East Carolina's proximity had a lot to do with Pergerson's decision to come to Greenville.

"I can't stand cold weather and ECU's closeness to the beach was hard to pass up," says Pergerson "ECU is a nice place and I'm glad I'm here. When I think about it my only big complaints are the quarter system and the dorm I live in. Aycock doesn't exactly remind me of home."

Pergerson is satisfied with the play of the ECU team thus far.

"I think we are better than our record indicates. "We have had some close matches this year and we lost some that we had no business losing."

Pergerson feels he is at the top of his game right now.

"The competition I faced when at Louisburg was nothing compared to what I see up here," says Pergerson. The improved competition makes you play much harder. This has helped me quite a bit."

Lately, Pergerson has been sidelined with a case of tendonitis of the ankle. He missed matches last week against N.C. State and Pembroke St.

"Mitch's injury was simply a result of the way he plays and also because we have been playing on some very hard surfaces this year," says Peterson. Running is the secret for Mitch's success.

See Pergerson, page 39.

Intramurals

Wrestling championships completed

By LEONARD SMITH

The big news in last week's intramural action was the Men's Intramural Wrestling Championships on Tuesday night. Almost 200 men turned out for Men's Intramural wrestling this year and the selection of two finalists in each weight-class was accomplished through the use of single-elimination competition in each of the nine weight-classes.

Among Tuesday's finalists were several outstanding high school and prep school wrestlers and even a sprinkling of competitors with some college experience.

The lightest weight-classification was the 126 lb class, in which Mike Avent faced Stewart Cloer in the championship match. Cloer held off Avent for as long as possible but Avent finally got the pin 33 seconds into the second period to walk away with the championship.

Phil Recchia battled against Jim Gagham in the 134 lb. finals. Gagham picked up a 7-0 victory and the 134-lb title.

The 142-lb match was a real toughie involving Brad Middleton and Doug Reed. The two wrestlers were evenly matched and it proved to be wrestling on even terms throughout the match except in one instance when Reed relaxed long enough for Middleton to effect a second period reversal for 2 points. Middleton's 2 point lead held up through the remainder of the match to give him the victory, 4-2.

Perhaps the best match of the evening and certainly the one that the spectators had looked forward to was the Joe Collins, Bob Bernaducci matchup at 150 lbs.

Both wrestlers were in very good condition. Collins captured last year's 142-lb title. The first period ended 0-0 as both wrestlers used extreme caution before committing themselves.

In the second and third periods, each wrestler picked up a single point for an escape, thus leaving the match tied 1-1 after the end of regulation time.

After a brief rest period the wrestlers battled through three 30 second overtime periods. With only 11 seconds remaining in the third overtime period, Bernaducci managed his second 1 point escape of the match and held on to win the match 2-1. However, it must be noted that the extreme caution exercised by each wrestler was due only to the well justified respect for the talents of the opposing wrestler.

James Ross and Kevin Callahan battled to a 0-0 tie after the first period in the 158-lb championship match. Ross won the toss and selected the superior position in the second period. Ross must have doubted his own judgement as Callahan escaped and grabbed a slight 1-0 advantage which held up for the remainder of the second period. In the third and final period, however, Ross prevailed as he gained a quick 2 points on a reversal to take a 2-1 lead and held on to make the slight one point margin big enough to win the championship.

Harry Rumley jumped out in front of John Black by the score of 2-0 in the first period in the 167 lb finals. In the second period Rumley widened the margin by getting three more points on a near fall from the superior position. In the third period Rumley finished Black off by pinning him only 10 seconds into the final period.

Al Wilson captured the 177-lb title by dumping Rick Jones, 8-0. However, the real story of this match was the fact that Jones wrestled on a shoulder that he separated less than 24-hours before the match. Rather than lose by default without wrestling at all, Jones elected to wrestle even though he was injured and at a severe disadvantage.

The 190 lb match involved Stacy Evans and John Mersch. This match was not filled with a great deal of wrestling expertise but never the less it was full of action. Mersch built up a 7-1 lead in the first two periods while Evans came in strong with four points in the final period. However, Mersch's 7-1 second period lead proved too much for Evans to overcome as Mersch captured the title in a 7-5 decision over Evans.

In the Unlimited Class the handwriting was on the wall for 208 lb. Willey Betts as he went up against mountainous 6-5, 300 plus Leonard Fleming. Betts, though strong, was not strong enough to hold off Fleming. The score was 5-1 at the end of the first period with prospects getting slimmer all the time for Betts. The inevitable finally happened with 34 seconds expired in the second period, as Fleming captured the unlimited title.

The Scott Neck romancers captured the team title with 120 points and Joves Grapplers were runners-up with 76 points. 16 teams were involved, in addition to several independents.

Jones Matman, with 68 points, nosed out Phi Epsilon Kappa for third. Phi Epsilon Kappa finished with 66 points

Lafan Forbes works hard towards SC championship

By STEVE WHEELER
Staff Writer

Many times when an athlete comes out of high school and is highly touted in one individual event, he is asked to perform in another event, which eventually becomes his best. Lafan Forbes falls into this category.

The 6-3, 195 pound sophomore from Stantonsburg, N.C., excelled in the shot put and discus in high school, but has been moved to the javelin throw in college, where he is closing in on the school record already. Coach Bill Carson commented on Forbes.

"Lafan is a hard worker and has goals set for himself. He is one of the hardest workers on the team. He should do real well in the conference, maybe win it."

Forbes has made a very strong jump from his freshman year best throw to his best this year. As a freshman, the former Greene Central star threw only 180 feet, a good throw but nothing like he has thrown this season.

Forbes came out this year and worked real hard and threw for 204 feet in the first meet of the year and has been consistent ever since. He is only 11 feet off the current school mark of 215 feet.

A versatile star in high school, Forbes lettered in three different sports and picked up eight letters for his efforts. In track, Forbes was all-conference in the shot put and discus events. He had a best of 55-6 in shot while in high school and a 142 foot discus effort.

Forbes was also a star performer in football at Greene Central. He was selected all-conference three times while in high school while playing end on defense and offense. He was recruited for football by several colleges but opted for track, where he thought he had his best potential.

Forbes started for two years in basketball during high school and attained all-conference status during his senior year.

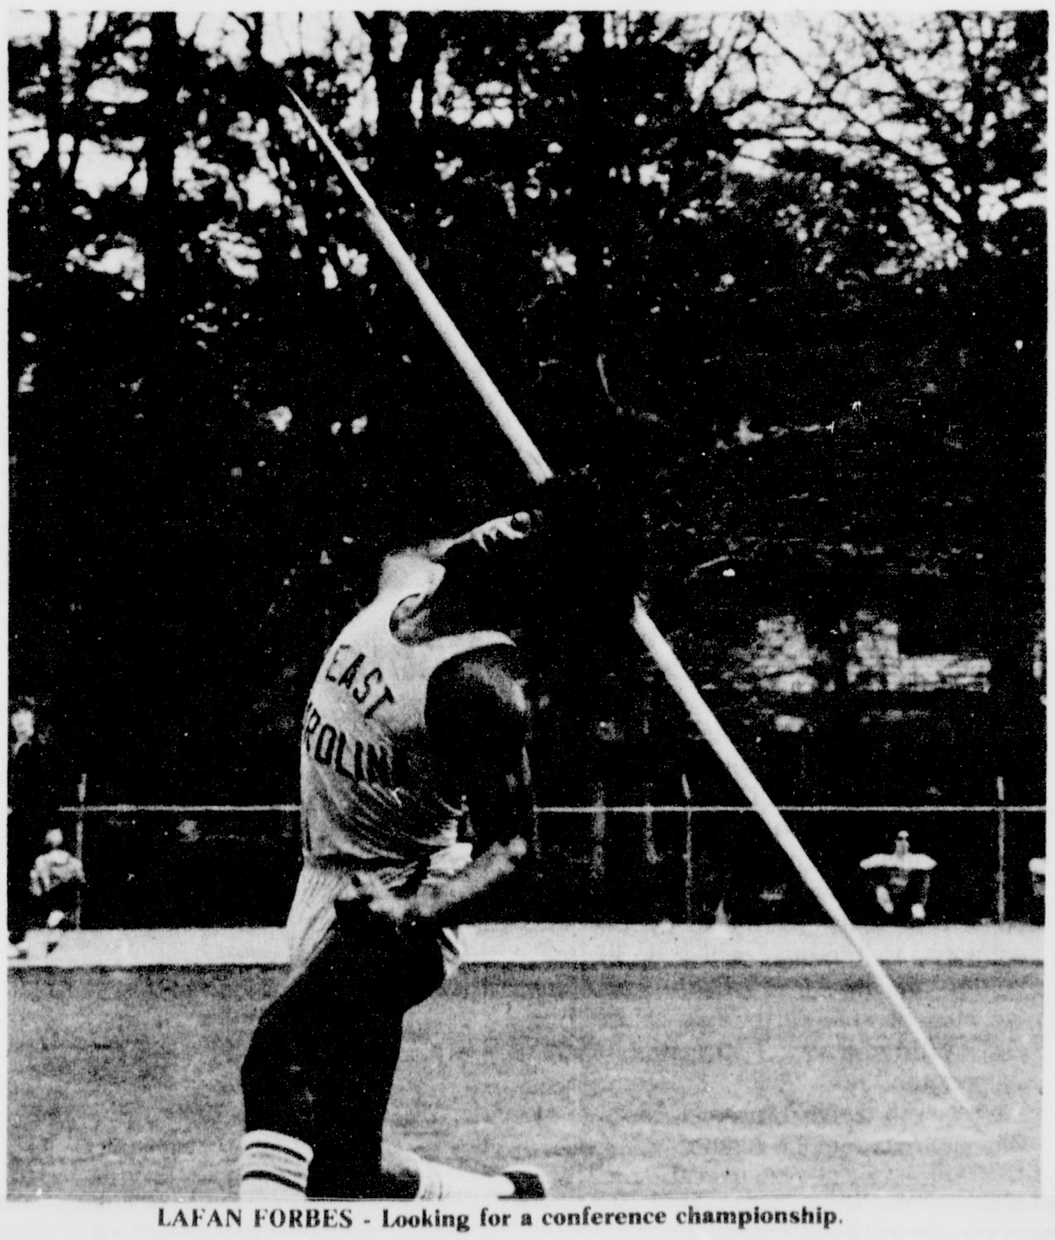
A business major, Forbes has high aspirations to be involved in management. He comments on his goals.

"I really want to go into business when I graduate. I think I'm cut out for that kind of job."

His hobbies include bike riding, swimming, football and dating. "I really just love to get on my bike and get away from studying once in a while."

Forbes got only three throws this weekend at South Carolina in the meet before he pulled a muscle in his back. He hopes to be back in action in a couple of weeks.

"I really hope I can get over this injury. I want to be able to throw before the conference meet. I intend to win."



LAFAN FORBES - Looking for a conference championship.

PERGERSON

Continued from page 38.

He doesn't have the best strokes in the world but he hustles throughout every match and goes for every shot. His injury was a result of his great attitude.

Pergerson says it will be easy for him to recuperate since many important conference matches loom ahead for the ECU netters.

"I don't know how long it will take before I'm 100 percent," Pergerson says. "These things take some time to heal. I just have to prevent the injury from affecting me psychologically."

Despite the injury, Mitch Pergerson, the recreation major out of Roxboro will be there giving it at least 100 percent for both himself and his team.

newsFLASHFLASHFLASHFLASHFLASH

Spaghetti supper

There will be a spaghetti supper at 5:30 p.m. this Saturday, April 10th, at the Methodist Student Center (across 5th St. from Garrett Dorm). The dinner, which is being sponsored by the Forever Generation, will cost just $1.25. Plan on being there for a good meal at a good price! First come, first served!

Center

The Center for Study and Growth is a study center for the psychic sciences. Any people interested in astrology, acupuncture, reincarnation or anything that is not offered here at ECU now has a place to go and increase their knowledge. For more information, or to sign up for a study group, call Lois Dean at 752-3008.

No Easter

We felt the headline would grab your attention. The Publications Board has decreed that positions for the 1976-77 Pub Board will be open to all full time students between the days of April 12 till April 30. Applications can be picked up at Whichard 204. Come on down and apply. It's free.

Passover

Student-faculty Passover Celebration will be held Monday, April 12 at 5:30 p.m., at the St. James Methodist Church Fellowship Hall, 2000 E. Sixth St. (from the University, go east on Sixth St. to the end). Come one, come all.

ECU media

There will be a public meeting on the action which ECU media should follow in the future. All members of the Pub Board, editors, journalism faculty representatives, administrative officials and SGA representatives are asked to attend.

The meeting will take place Tuesday April 13 at 5:00 in room 244 in Mendenhall. The topic of discussion will be the direction ECU media should follow in the future. Anyone interested should attend.

Forever Generation

The Forever Generation is a Christ-centered campus fellowship group. Our weekly meetings consist of a study or challenge from God's word, singing, prayer and fellowship.

Please note that we will be meeting in the Biology Auditorium (room 103), and not in Mendenhall 244, as previously announced. Hope to see you there!

Vet' s club

Spring social for Vet's Club members and guests will be on Friday, April 9, at 6:00 p.m. Location will be Oakwood Acres - 2 miles East of Hasting's Ford on Hwy. 33.

Russian course

Preregister now for Elementary Russian (Russian 1) to be offered Fall Quarter Monday - Friday at 10:00. The course may be taken for credit or audited free by full time students. It is easier than you think!

For the literature lovers, Russian Literature of the 19th century, taught in English (Russian 220) will be offered Monday, Wednesday and Friday at 11:00. It may be used as a Humanities requirement or elective.

Non students can audit these courses for a nominal fee. Contact the ECU Admissions Office.

Honor society

The April meeting of Rhi Eta Sigma Honor Society for freshmen will be held in room 244 of Mendenhall Student Center on Wednesday, April 14, beginning at 7:00 p.m. Officers for 1976-1977 will be elected and plans will be made for the May meeting. All members of Phi Eta Sigma are urged to attend.

Writing contest

Writers: You can win $100; $50; or $25 for best short story, humorous essay, or other short pieces between 250 and 1000 words, if you enter the Collegiate Creative Writing Contest whose deadline is April 30. For rules and official entry form, send self-addressed, stamped envelop to :International Publications, 4747 Fountain Ave., Suit 1-C, Los Angeles, Ca. 90029

Chem seminar

Donald M. Oglesby, professor of Chemistry at Old Dominion University, will present a seminar on "The Scientist in the Courtroom - It's Not Quite the Same as the Laboratory," on April 9, 1976, at 2:00 p.m. in room 201, Flanagan building.

Cantata

The chancel choir of Immanuel Baptist Church, 1101 S. Elm Street, opposite Rose High School, will present a cantata, "Hallelujah, What a Savior," by John Peterson, this Sunday to which students and University personnel are invited. The program begins at 11 a.m. at the morning worship hour.

Mike Haithcock and Chris Jenkins, ECU music majors, are choir director and organist, respectively. A brass ensemble from ECU will also accompany the choir.

Sigma Tau Delta

Sigma Tau Delta English Honor Society will meet Thursday, April 15 at 7:30 in room 221 Mendenhall. Dr. Sanders will present his transparency show and new members will be inducted. All members are urged to attend to welcome the new members and enjoy Dr. Sanders' show. Looking forward to seeing you there!

Rugby

The East Carolina Club Rugby team will play to UNC-G this Sat., April 10th. Game time is 2:00 p.m. on the football practice fields. Come on out and see the game and remember there are no winners in Rugby - only survivors!

Announcements

Attention Seniors: A limited supply of graduate announcements are now on sale in the Student Supply Store. There are five in a package for $1.50. If you have not picked up your cap and gown, please come by at your earliest convenience.

Computing seminar

The Computing Center will be presenting a seminar on Tuesday, April 12, 1976 in Austin 201 entitled "Simple IBM-TUCC Job Control Language". The public is invited to attend.

Craftsman East

Craftsmen East is sponsoring a trip to Washington, D.C. for all students next weekend, April 9 - April 11. An SGA bus will be taken. The estimated cost for the bus trip will be $5 or $6 per person. For reservations, call the art office, 758-6563 or come by J-215. Reservations will be made at an inexpensive hotel in downtown Washington, and if you would like to stay with the group, sign up by Wednesday, April 7. The group will leave about 6:00 or 7:00 p.m. from Mendenhall on Friday and arrive after midnight in Washington, D.C. Everyone will be on his own, although most of the students will be visiting the art galleries and museums. The group will leave about 3:00 or 4:00 p.m. on Sunday. For final details of the trip and of fees, come to the Craftsmen East meeting in Jenkins, 217, 7:30 p.m., Wednesday, April 7.

Azalea festival

The 29th Annual North Carolina Azalea Festival will be held in Wilmington from April 8-11. Guided tours of historic Wilmington, and a three day coin show are among the featured attractions.

Hosting the festival will be actress Rita McLauglin of the CBS daytime drama "As the World Turns", actor Ted Lange of the ABC series "That's My Momma", and Ty Boyd a Charlotte TV and radio personality.

Boyd will serve as Master of Ceremonies, a role he filled last year. He is a 28 year veteran of the broadcasting field, and an active member of North Carolina civic groups.

Tickets for the tour, which includes a concert of Dixieland music by Bix and entrance to several selected historic homes of the Wilmington area are available. Send $5.00 to The Residents of Old Wilmington, P.O. Box 1862, Wilmington, N.C. 28401. Proceeds from the tour will be used for improvements to Wilmington's historic district.

Art grad show

All graduates in art are invited to exhibit in the Graduate Art Show to be held in Mendenhall Gallery April 25-May 1. One, two or three works must be submitted to the booth opposite the ticket booth in Mendenhall between 3:00 and 6:00 on Wednesday, April 14. The show is sponsored by the Art Exhibition Committee of the Student Union.

Lecture

On Tuesday, April 13, there will be a lecture sponsored by Phi Alpha Theta. The guest speaker will be Dr. William Cobb. He will be speaking on the comparisons of the American and French Revolutions. The lecture will be in Brewster D 112 at 7:30. A reception will be held afterwards. This lecture is open to all interested students and faculty members. All members of Phi Alpha Theta are strongly urged to attend.

FREE

INCOME TAX ASSISTANCE

Place: Student Organization Booth

Dates: Jan. 26-Feb. 5
March 15-April 13th
M-T-TH
3 p.m.-5 p.m.

Hours: 3 p.m. - 5 p.m.

What to Bring:

1. This year's Tax Forms you received in the mail.
2. The Wage and Earnings Statement you received from your employer(s) (Form W-2),
3. The Interest Statements you received from your bank (Form 1099).
4. A copy of last year's tax return, if available,
5. Any other relevant information concerning your income and expenses.

This Program Offered Free By The ECU Accounting Society

Homecoming

The theme of Homecoming 1976 will be "Remember and Make a Wish".

There will be another Homecoming Steering Committee meeting on Tuesday, May 18, at 4:00 p.m.
