

DAILY REFLECTOR.

Vol. 1.

Greenville, N. C., February 11, 1895.

No. 54.

Weather Bulletin.

Thursday snow changing to rain, warmer.

TELEGRAPH NEWS.

Saturday the gold reserve went down to \$41,600,000.

Most of the railroads in the north and west are snow bound and trains cannot run.

One hundred houses have been swept away at Cape Breton. Number of lives lost unknown.

President Cleveland has sent another special message to Congress. The plan is laid for \$62,000,000, in bonds to be issued.

An unknown schooner stranded off Long Island, and parties on the shore saw nine men drop from the rigging into the sea and perish.

Near Ardmore, I. T., a man named Tucker, his wife and four children were cremated in their dwelling. The house caught fire and burned so rapidly in the blizzard that they could not get out.

A Mrs. Jacobs and her six-year old daughter were burned to death at New Orleans. The child's dress caught on fire while she was standing before the grate, and in endeavoring to put out the flames the mother was also burned.

Tobacco Cloth at Lang's

In a Ditch.

Messrs. Walter Pender and W. S. Christian were out on their bicycles Sunday, and going by a frozen ditch Mr. Christian concluded to try his wheel on the ice. The ice broke and "down went wheel and rider to the bottom of the ditch, dressed in his best suit of clothes." Wonder how he likes a plunge bath in this kind of weather.

Ayden Notes.

AYDEN N. C. Feb 11th 1895.

Mr. J. H. Cobb is making things lovely here with his guano and potatoes and big stock of groceries.

No less than sixteen drummers paid their respects to Ayden last week, but no one heard them boasting of the sales they made here.

Ayden now has eight stores of general merchandise. Several carloads of guano have been received, also one carload of seed potatoes.

Talk of short socks coming into vogue for the ladies should not surprise. With fashions ever lastingly changing the wonder is they have worn the present stocking so long.

The machine is here for putting up tobacco flues and Messrs. Edwards & Parker will commence this week to make them. It is reported that another party is to put up flues here.

Ayden has another addition to her list of merchants, Mr. Lee all the way from Pollocksville N. C., with his new stock of goods arrived last week and opened up in one of Mr. Frank Harts new stores.

The Blizzard.

The cold weather played havoc with things generally over the South. At Jacksonville, Fla., the temperature got down as low as 14, and all over that State orange trees, early vegetables and strawberries were killed or badly damaged. In Georgia the temperature reached 11, in Louisiana 16, in Texas 15, in Alabama 6, in South Carolina 8, in Tennessee 7 below.

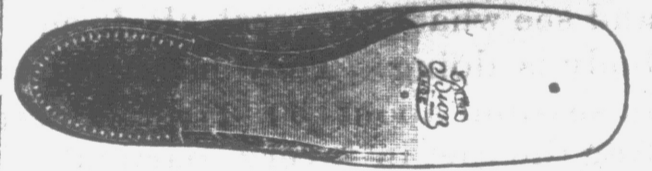

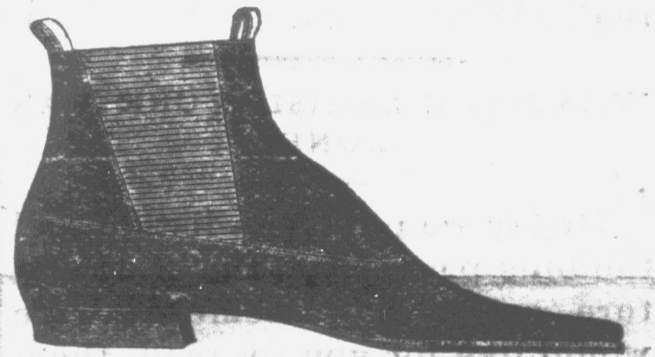

A meeting of the N. C. State Dairymen's Association will be held in Newbern on the 20th inst.
