not run.

An exchange says this is the
month to plant potatoes. We
would like to see a fellow get a
hole in the ground big enough to
plant a potato in.

If the last half of February is
to be up with the first in the way
of weather, everybody will be
glad that there are only 28 days
in the month.

"A man may gey, and a may lie,
And a man may puff and blow,
But he can't make trade by sit-
ing in the shade,
Waiting for business to grow.

We have heard the old folks
say they always planted their gar-
dens the 14th of February, but we
guess no one scratched through
the snow to put any seed in on
that date of this year, 1895.

Oldest Man in the County.

Mr. David McKinny, an inmate
of the County Home, died there
a few days ago. Mr. J. W. Smith,
Superintendent of the Home, tells
us that Mr. McKinny was proba-
bly the oldest man in the county,
he lacked only three months of
being 107 years old at the time of
his death. He was born on the
10th of May, 1788.

Honors for Mr. Smith.

Rev. G. F. Smith has received
from President C. Kilgo, of Trini-
ty College, notice of his selection
as instructor of a class of minis-
ters of the first year in Watson's
Systematic Theology to be taught
at a summer school there from
June 11th to 19th. This is a de-

mation of the people here at
home.
