Dear Maynick:

I am attaching hereto prints of the pictures taken on your redent visit to the Blue Ridge Parkway. I think they turned out very well, and I sincerely hope you will enjoy seeing them. If there are any of these pictures that you do not care to keep, I would appreciate your returning them to me as I would like to have prints of each one to include in my collection. If you would like to have any additional pictures made of these, please let me know as I have all of the negatives.

Yours very trauly, J. R. Cates,
