Dear Mrs. Joe:-

Got back last night and found your letters here. I have got to go to Raleigh on the Shoofly in the morning, and I hope I will have your money for you.

We are selling right much stuff, but we cant get any money at all. Everybody puts us off, and it makes it mighty hard. I had a lot of work for you right around this territory, but we have no money and there is no use in going in debt like things are now.

I wanted you to take a trip towards Goldsboro, and work for King and Goldsboro Drug Co., and then go up towards South Boston, and then back to the Charlotte territory but if you have to go back to Charlotte, you will have to work around there first.

I am going off on thirty eight today, and will be back sometime tonight. I hate mighty bad not to be able to tell you something definite, but I do not know what to do just now?

We have about FORTY Gross Remedy on hand or rather on the way, and can handle all orders now, but the expense of Travelling is not in sight yet. I hope it will be only a few days before we will be all right, but in the light which things are walking now I do not want to make any promises, except that you shall have your money in a day or two.

With best wishes always, I am
Your friend truly,

L. J. Barnes
