on any sized job in any part of North or South Carolina. This company has placed the heating apparatus in most every important building in Charlotte, and has just closed a contract to install the heating apparatus in the magnificent Lawyers' Building in Charlotte.

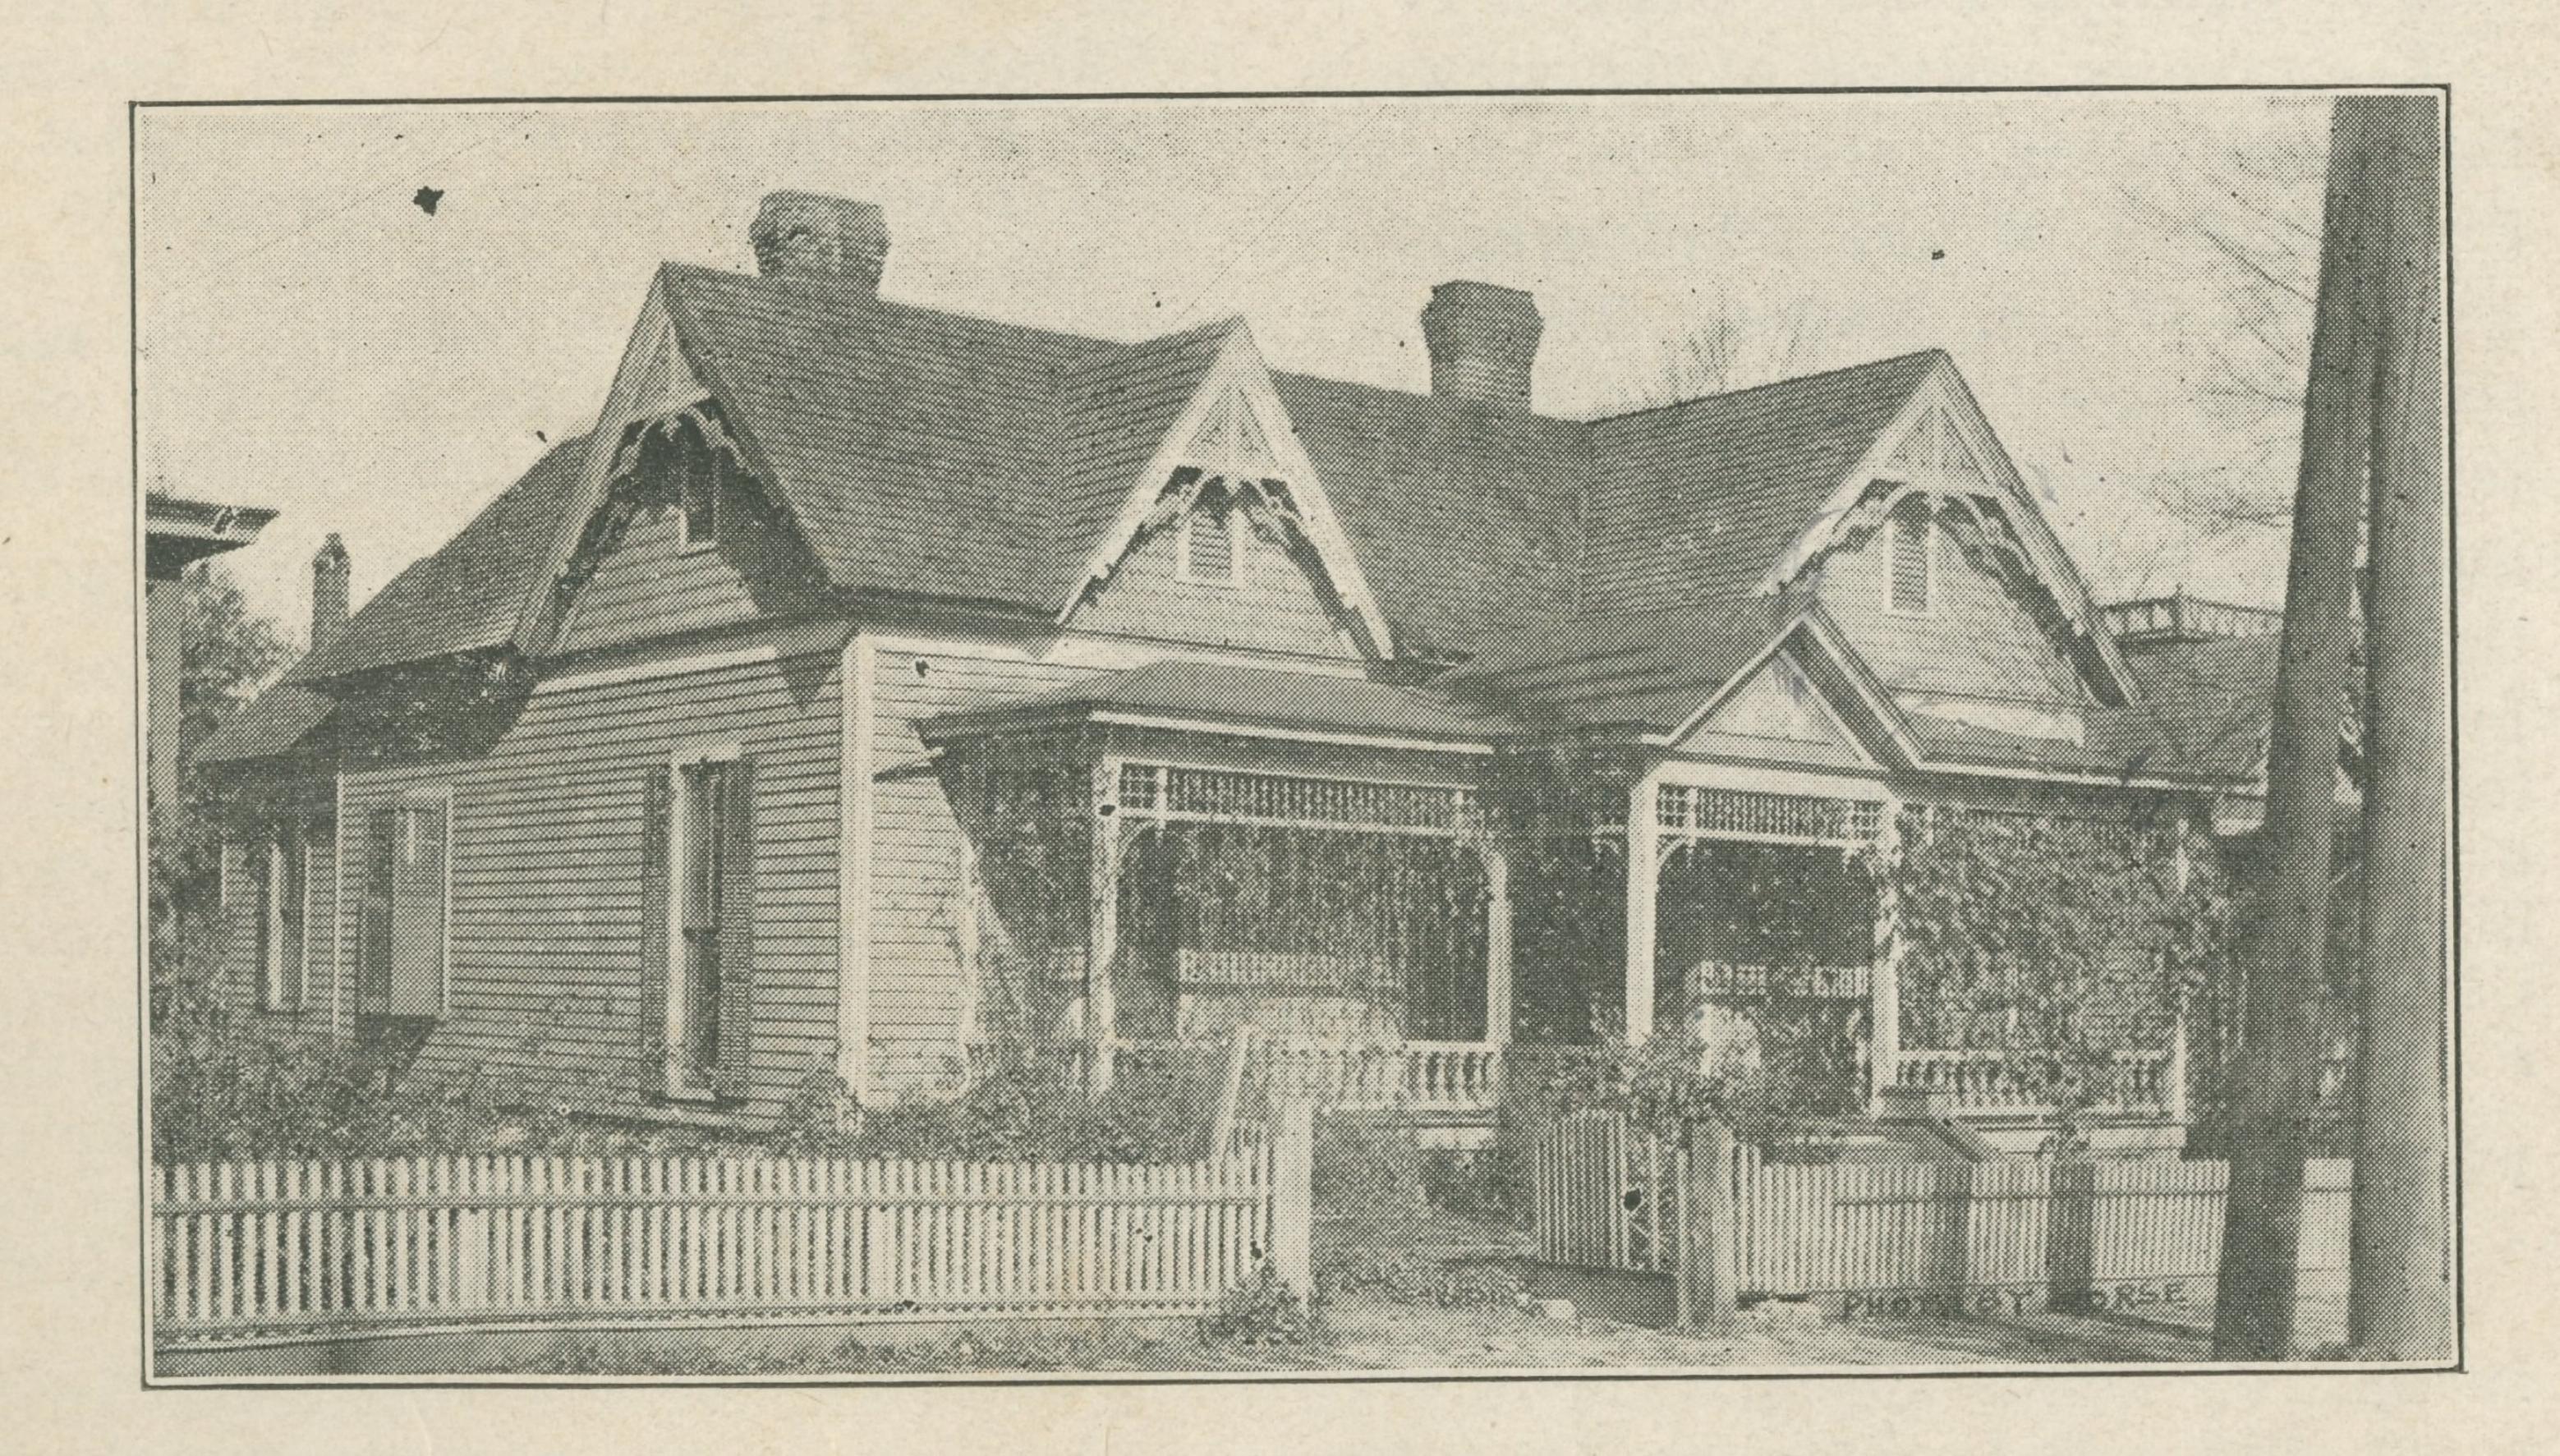

COTTON. COTTON WASTE AND LINTERS.

Charlotte has become famous in the line of cotton manufactures, and its name is known throughout the country. The firm of Jasper Miller & Son was established in Charlotte in 1905 for the purpose of handling Cotthe short time of the firm's existence all over the United States and includes a considerable item of export business. Five thousand bales of Linters, 1,000 bales of Waste and 1,000 bales of Cotton are handled per annum.

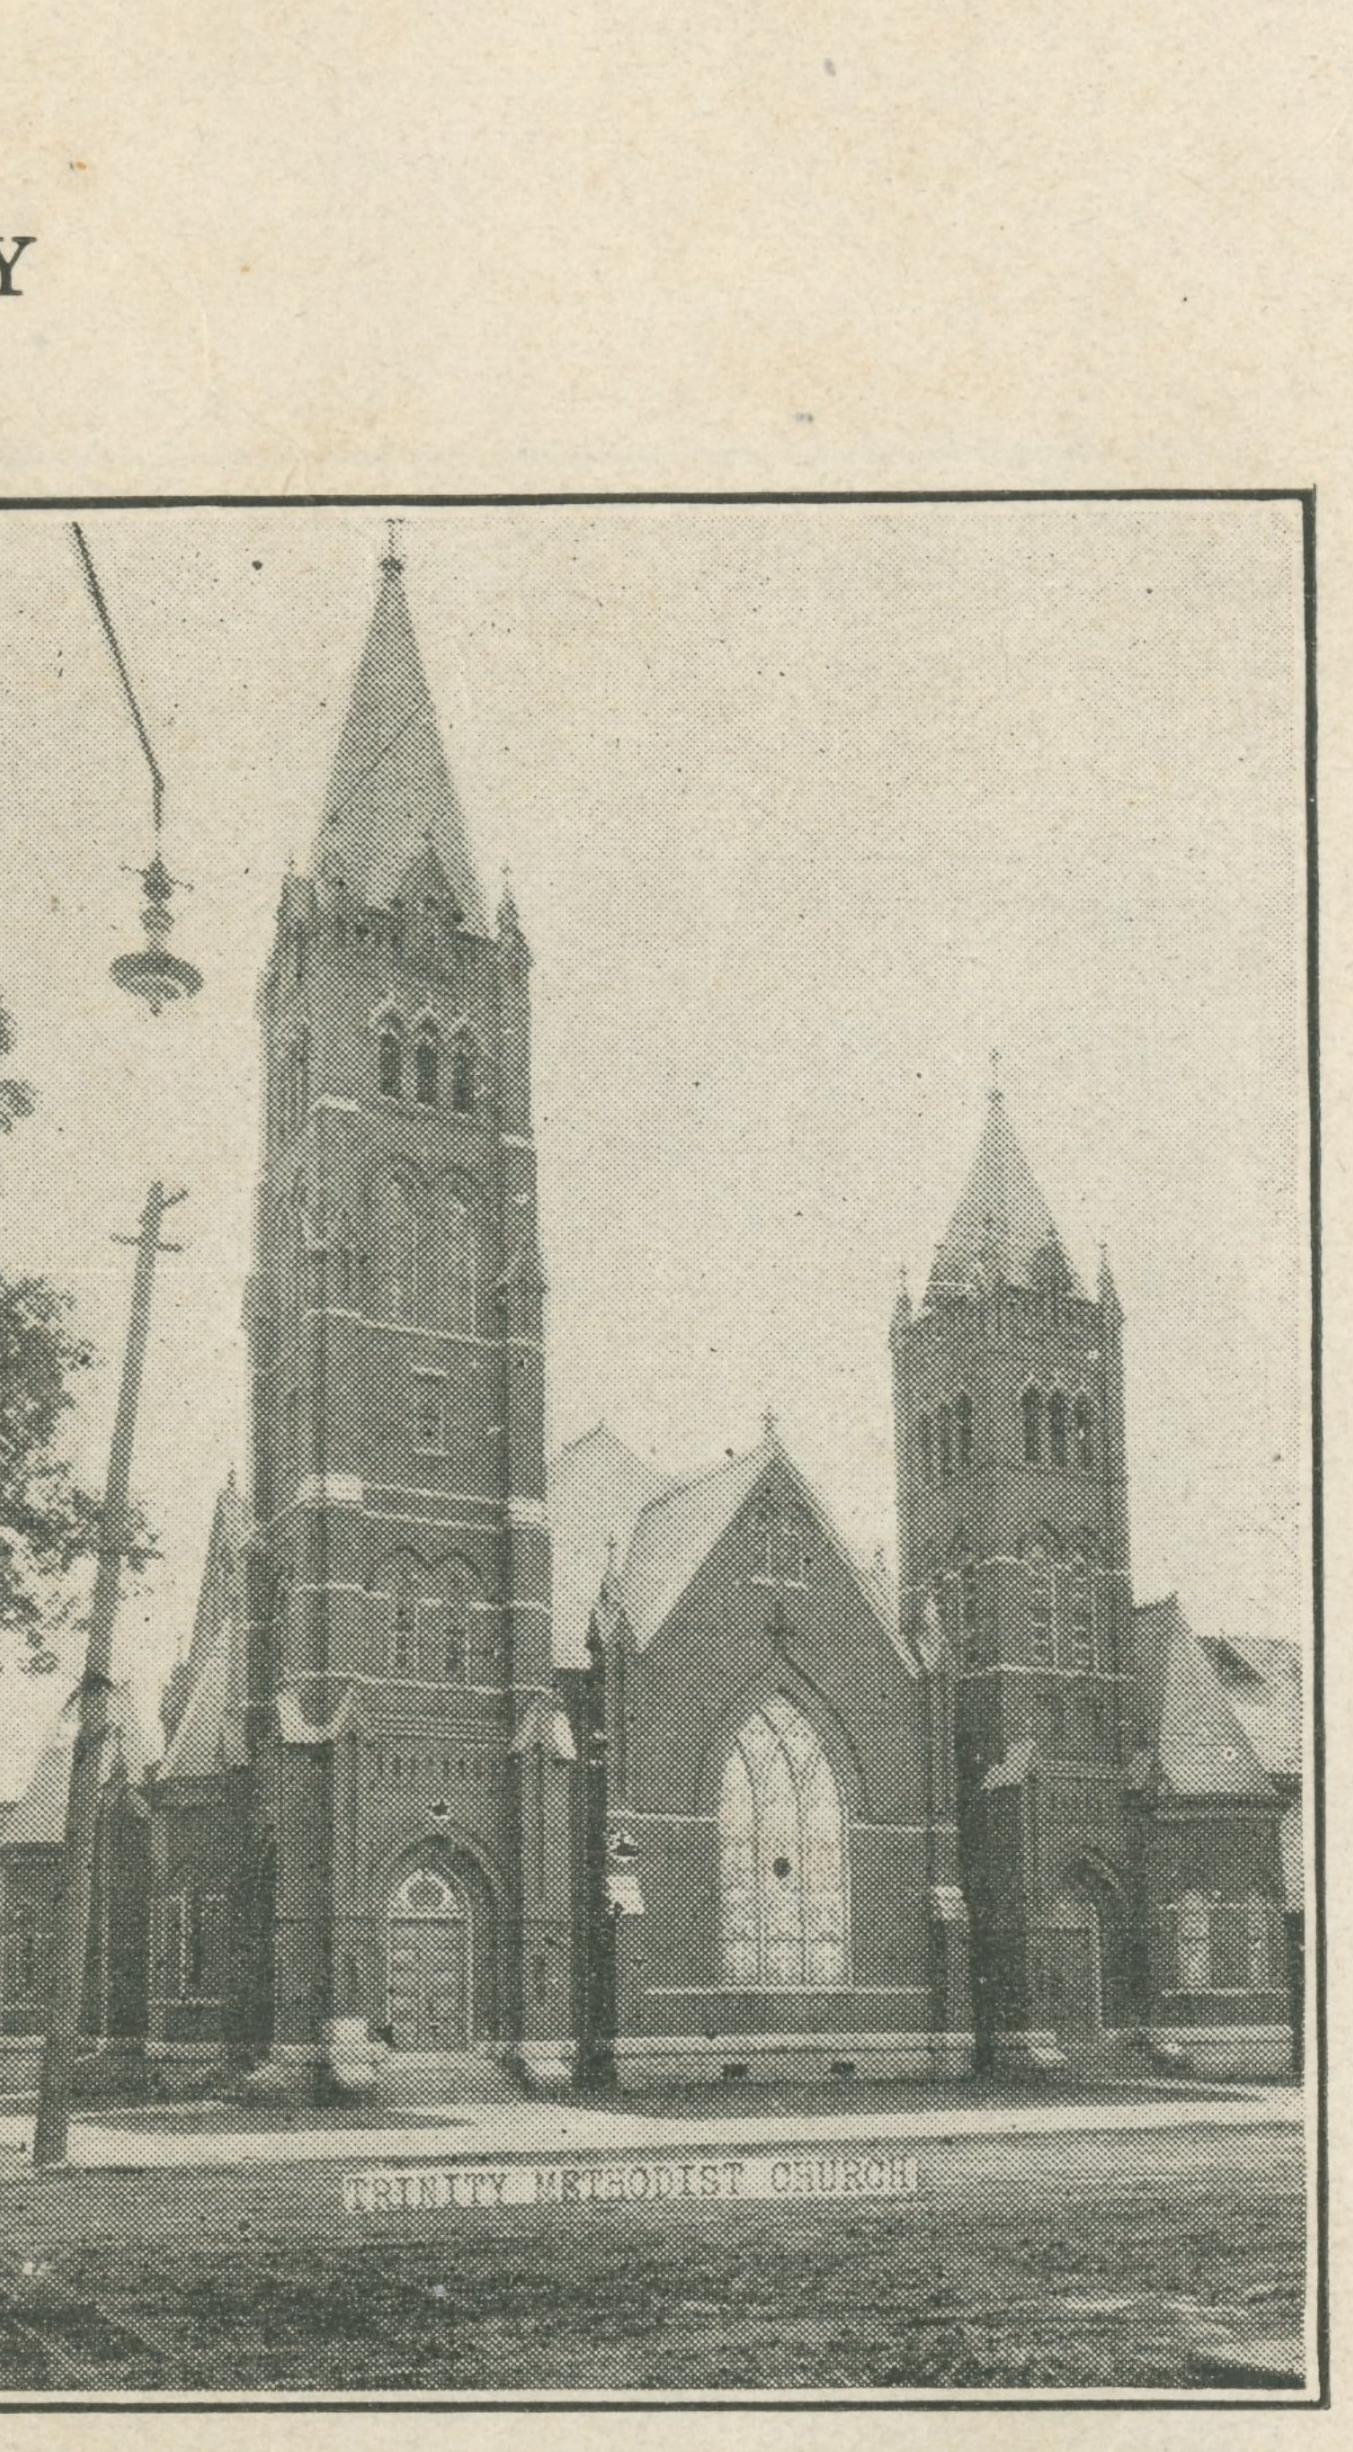

SPECIFIC FOR ALL BLOOD DISEASES.

In 1878, Mrs. Joe Person, then a resident of Franklinton, N. C., secured a patent on her celebrated formula as a blood purifyer. Three and a half years ago she moved her laboratory to Charlotte, at which time the sales of her remedy was only 8,-000 packages per year. It is now 15,-0000 packages per year. The remedy is put up in pint bottles and sold only through jobbers of drugs. Care is taken to put the remedy up under the most cleanly conditions. Every bottle is personally inspected by the Manager, Mr. R. M. Person.

A great many personal testimonials have been received by the manufacturers of the remedy, the originals of all of which have been preserved. No statements in the literature sent cut by Mrs. Person are made that cannot be verified. Testimonials and other literature will be sent upon application.
