

OMMATEUM

By A. R. AMMONS

A. R. Ammons is a talented young writer whose work is a delightful paradox. His material is lusty and packed with vitality. There is no slackness of form and he is master of the exact phrase. An easily understandable narrative forms the backbone of each poem, and translatable into thought and emotion, the action and imagery produce a wide range of suggestion. The poet's style, combined with an unusual freedom of imagination, fosters, in a believable context, a mergence of inner and outer patterns of order. Mr. Ammons is associated as Sales Manager with Friedrich & Dimmock, Inc. of Millville, New Jersey and resides in Northfield, New Jersey.
