RED INDIAN BRAND KIDNEY PILLS.

The kidneys act as the filters for the blood. Authorities tell us that every drop of blood in our body passes through these filters a great many times a day—the flow is continual, never ceasing. If the kidneys do this filtering properly the blood is kept free from poisons. If they act sluggishly or get clogged, what is the result? The blood passes on without being properly cleansed, and almost innumerable ailments may result.

The healthy kidneys need no remedy; but when one feels those tell tale pains in the back it is time to take immediate steps to tone up these organs. Do not wait until the ailment has become so deep seated that no remedy on earth will avail. Delay too frequently ends in death or in making an invalid for life. So heed this warning which nature has provided in symptoms which are unmistakable. It is the "stitch in time" or the "ounce of prevention" that we earnestly want to impress upon you.

Kidneys may be weakened by over-eating, strong drink, over-work, lack of rest, and exposure to cold or dampness.

RED INDIAN BRAND KIDNEY PILLS correct the disordered kidneys by their antiseptic, tonic and cleansing properties. Each ingredient is a recognized remedy and of the highest quality. They contain no opiate or any habit producing drug. Our one aim in the RED INDIAN BRAND KIDNEY PILL is to produce satisfactory results, for you will agree with us, we know, that however strong claims we might make or how extensive our advertising, nothing but good results and satisfied users would count.

DIRECTIONS.—We direct that these Kidney Pills be given as follows: One four times a day with meals and at bed time. A few doses will convince you of their merit, but we recommend at least a month's treatment in cases where the kidneys have been out of order for some time.

SPECIAL NOTICE.—After a few doses you will observe a bluish color to the urine. This is intentional and, in fact, indicates that the antiseptic ingredient is present and has reached the bladder.

RED INDIAN BRAND BLOOD PILLS.

Impure blood causes far more ailments than the average person realizes. Scrofula, Sores, Boils, Carbuncles, Eczema, etc., are almost always caused by impure blood. Rheumatism, Catarrh, Constipation and many other diseases may be traced back to impure blood. Our RED INDIAN BRAND BLOOD PILL is designed primarily as a blood purifying agent and they act just enough upon the liver to assist nature in throwing off the poisons.

While these pills contain the principal ingredients of MRS. JOE PERSON'S REMEDY, they also contain other long recognized ingredients which cannot be conveniently prepared in liquid form and are designed especially for those who prefer the pill form instead of the liquid.

DIRECTIONS.—Each pill is an average dose and should be taken three times a day, after each meal, with half a glass of water.

Marketed in \$1.00 package with guarantee.

RED INDIAN BRAND LIVER PILLS.

This pill we consider the best general cathartic upon the market and should be used once or twice a week, when taking either our Kidney or our Blood Remedies, to insure the best results from these remedies.

DOSE.—One or two at bed time, as required.

Marketed in one size only—25c. per bottle.

MRS. JOE PERSON'S REMEDY.

This preparation is widely known as a blood purifier of exceptional merit. It has stood the test of time, having been upon the market for the past thirty-five years. It is compounded as it was years ago from an old indian formula containing vegetable ingredients only.

Around each bottle of this preparation is a special circular which
