

Dear .....

My Remedy is in two forms: *Bitters*, which I give three times a day to purify the blood, and which will expel the disease from the system, and a healing *Wash*, to cleanse and heal the sores. I sell the *Bitters* at \$2 per quart bottle; ingredients for making the *Wash* \$1 per package, \$10 per dozen, \$5 per half dozen. A bottle of the *Bitters* will last a man able to take a full dose a little more than two weeks. One package of *Wash* ingredients will make a pint of *Wash*, sufficient to last in ordinary cases, several days. I advise all persons, in ordering, to procure enough medicine to give it a "*fair test*," when I am confident they will not be disappointed in the result. To those who can conveniently order enough to last a month at one time, I advise to get two quarts of *bitters* and one dozen packages *Wash*, if their sores are very numerous or extreme, if not, one half that quantity of *Wash* is sufficient to go out with two quarts of *Bitters*—any quantity may, however, be ordered. In regulating the dose of *Bitters*, I find some require much more than others. I think it advisable for a grown person to begin with one tablespoonful and gradually increase to the prescribed quantity, half wine glassful I think a good, full dose for a lady. Enough must never be taken to feel the effects of the whiskey in the head. While I do not recommend my remedy in cases of *true cancer*, I find no difficulty in curing up old sores, pronounced by physicians to be cancerous in their nature, and I have even cured one cancer, which, although it breaks out again every Spring, always readily yields to my treatment, and is *now* perfectly well. I do not believe there is an old ulcer or sore that will not yield to my Remedy, properly applied. Where there are no sores, only a tumor or enlargement, I direct the affected places to be bathed with the *Wash*. In ordering medicine, 25 cents must always be added, to cover cost of boxing, &c.

Very truly yours,

M<sup>rs</sup>. JOE PERSON.

Dear Bro, The check came all right  
wait until you come, I want to have a talk  
with you - My heart is sore, I cannot write -  
will enter into everything fully when you  
come - until then wait - I did not expect you  
to charge me interest on Mr. Person's notes when  
I promised to take them as part payment  
of what was coming to me - I thought they  
would be on a par with the other notes  
in which no calculation of interest was  
made, am sorry I took them, & wish <sup>now</sup>  
had let you & Mr. Person settle, & you  
settled direct with me. Bro, I feel  
as if I had been badly treated, not  
by you however, nor anything you  
could help - I hope time will even  
reconcile me. I wish so much you <sup>could</sup>  
come now, I would give anything I see  
on earth to see you this morning. I feel  
a talk with you would do me good -  
I sent 45¢ to Cooper for whiskey, 10¢ to Baker  
Bros for bottles & 5¢ for revenue stamps -  
did I invest wisely? But trouble & troubles  
matters aside - I've a favor to ask of you -  
could you not contrive to substitute some  
Wash powders I will send you in place  
of those I sent Dr. Kirby, I think I have  
just learned how to dry them perfectly.  
What I have now are as green as when  
growing - those heretofore were brown - these  
I know are best - I would like so much  
to put them in place of those sent but have  
for anyone to think I have not had them  
right all the time - Please tear this  
up - & show or tell to no one - Even Mary -  
& come before Xmas if you can. I feel  
badly - bitter - & must stop - please  
tear this up - just as soon as you  
read it -
