EXECUTIVE BOARD MEETING Alumni Building

At the Executive Board meeting which was held in Raleigh on Saturday, October 20, plans for an Alumni Building were discussed and a committee composed of a representative from each Chapter was appointed to investigate the possibilities and to report the findings on Alumni Day.

Pay Travel For Board Members The motion that travel expenses for each member of the Executive Board attending the meetings will be paid by the Association was carried by a unanimous vote.

Supplement College Budget

The part time assistant to the Alumni Secretary has been employed for full time effective November 1. This means that the Alumni Association will supplement the College Budget.

There has been a time in history when teachers were supposed to indoctrinate. To Support M. A. A. Personal beliefs, prejudices, and opinions were supposedly authentic. The professor efferersced knowledge from his ample supply into the receiving mind of the young. There was really no chance of reflection. A person who had different views on the subject of education was marked as radical and was ostraizced by educational leaders of that day.

The modern teacher is now interested in what the pupil thinks. The teacher's own opinion is no longer advertised and neither are his pet convictions. As a result he has done some definite thinking along this, and does not have to believe a propostion when he finds no grounds whatsoever for supposing it is true.

As prospective teachers it is necessary to realize the value of thinking. This will grow out of the presentation of contrary doctrines when issues whether of great or little importance are introduced.

High Scholarship Encouraged at E. C. T. C.

As a prospective college student, doubtless before the choice of a college was made, much time and thought was spent on the selection of one. It meant selecting a home for nine months out of the next four years. friends would be made, and it meant a place that would be your workshop. The Mens Athletic Association has been re-born at ECTC. What can we do to help it get back on its feet and thrive?

Already a basketball schedule is being worked out which is going to bring some good games to Greenville. Our money is being spent to make these games possible but this organization needs much more money than they have received from the student fund, therefore; we must depend upon gate receipts for the rest. Your job now is to talk basketball. Let everyone know that we have a team and that it is going to be an outstanding team. Let them know that you are going to support this team by your presence, and that you are proud of it. We can and we must get townspeople interested in our intercollegiate sports in order to have a good program. All that is asked of students is their support and attendance. It pays to advertise!

Student Spotlight

By Bobbie Parrish

The object of our inspection this time is none other than that familiar, likable figure, Katie Earle Owen. She is seen darting here, there, and everywhere—always in the midst of whatever's going on-but this reporter cornered her at her job of keeping the "Y" store, the campus hi-spot.

Katie Earle brings still more distinction to Cotten Hall, for she is Number 1 Senior, or to put it otherwise, Senior Class President. Besides this post, she was last year's vice-president of Sigma Pi Alpha, language fraternity, acting as president part of the year. Years ago (when a soph) Katie Earle was dormitory head in WAA cabinet and on the Women's Judiciary. Last summer, she was the policeman, being chairman of the Women's Judiciary. However, even in that job, she remained a favorite with both students and faculty.

Katie Earle says she loves everybody . . . and there, essentially, you have Katie Earle. But she hastens to add that she has many more loves besides. One is adding her two bits to the shoe shine trio and Bill Bailey's from Roseboro, then settled down to a seriquartet in the dining hall lobby, with ous moment by earnestly adding "Every-Brownie at the piano.
