COMMISSION MERCHANTS
FOR THE SALE OF
Cotton and Southern Produce.
166 PEARL ST.

New York April 11th 1873

Elias Carr Esq
Dear Sir

Yours 7th at hand, I am pleased
to know the chain has the approval of Mr. C.

Thanks for your kind Enquiry about
Robt, Late letters (until yesterday) were very
discouraging, Johnny has got him away
from London where he was very weak, and
now in Paris, where we get better account of
him, hope the Spring weather and excitement
of that place may benefit him,

I occasionally send you a paper that
you may know what is going on here, (some
people are sensitive) if I write money is $\frac{1}{2}$
to 1% a day, dont consider it a hint to you,
such is not the case, we only write to let
you know what is going on in Wall St,
among Bulls & Bears,

Quite like Spring to day, we hear
of fine weather in Carolina, hope for much
Cotton will not be made, Would like you and
other of our friends to have large crops, but dont want
it general,
Yours truly
J. T. Bruce
