Eliza Carr &
Dear Sir

We have yours 30th the \$200 aft is
paid, We know how tight money is here, and
are advised of the stringency in Tarboro, it did
loan here Equal to 5 perct a day in turning stocks,
is now 1/2 to 1 perct day in Wall St, Nevertheless
if a "Fellow", we mean a good Fellow, needs
funds for Expenses, and has heretofore done
business with us, he gets what he wants for
all such purposes, if you can't get currency
in Tarboro for your aft on us let us know,
and if currency remains 3 perct from over checks
we can command what you need, ^{at least} and then
Exchange can carry it, We did in the dark
days direct those who buy and ship not to
draw, but that does not apply to you

If water was in Tarboro Cotton would
not go begging at 12 1/2, and if good not
at 15, - so you see we have faith in
some men, and also in Cotton, We are not
in business for a day & run is the time to take
at good men, We are Truly
