Eliza Carr Esq

Dear Sir, Last evening dispatches quote
Liverpool Market about $\frac{1}{4}$ ^d higher with sales of
20,000 Bales, our Market responds and fair
quotation would be 23 to 24 for low Middling
Carolina, this is full two cents more than could
have been easily had three days since, we have
no dispatches to day as yet, very little Cotton
is now offering & the receipts are quite light
it is unsafe to give opinions after so much
disappointment (we did not calculate for War)
but we are not Sellers & have not been for
some time, our last sale was at $26\frac{1}{2}$ &

Yours Truly
A T Bruce & Co

3 P.M., No dispatch yet, but Market
excited $26\frac{1}{2}$ to 27 for full Middlings -
 24 to $25\frac{1}{2}$ for low Middling 23 to 24 for good ordinary
