Dear Sir

I have
settled in this City instead
of going to Springfield
I have contracted
with a man at \$40 per
week and can enter as
a partner if I like, but
concluded to try it as a
clock and see how the
profits turn out. A man
with a capital of \$5000,
can get into any kind
of business here &

This is the last letter
I shall write you until

I receive one from you
write me all the news
of Cotton &

All join me in regards
to your family.

Direct your letter to

Yours truly
A. W. Moore
