COMMISSION MERCHANTS
FOR THE SALE OF COTTON & SOUTHERN PRODUCE,
166 PEARL ST.

New York, June 15 1869

Elias Carr Esq

Dear Sir

Yrs of 11th rec^d yesterday, called on the shoe maker, he had only 1 pair Brown shoes No 6 and no blue or drab of that number, he sent out to try and get them but was unsuccessful as the one pair would be of no use to you, being too small I accepted a pair of Black ones in place, that color always being in vogue.

The difference between old & new miss Park being only 25¢ for 1 lb we will send new as it will weigh about 10 lb more than the old, wish you had ordered a week sooner, for it has advanced within that time to 1 for 1 lb.

Hope your crop next looks promising, it is warm here at this time, we wish the present price might be maintained even to Jan^y next, all depends on the extent of crop, the present price is owing to our having exported too much, fears are entertained we will get shut here before new crop comes -
some sell at 25 for full lot } over
midly deliverable in Dec^r }

In regard to Bagging, we would say that
