Macon, Ga. Feb 17th 1877

Mr. Elias Carr.

Sparta, N.C.

Dear Sir

The nut is useless without
"top". We have an improved
nut & fixtures - very strong & cannot
break. not one has ever given way.
We have dispensed entirely with
the roller frame or "rack". you will
be obliged to have new nut. Our
regular price for nut (improved) & fixtures
is Forty dollars. We will ship you
one upon receipt of Twenty five dollars
& know you will never regret it, after
seeing the nut work.

Yours very truly

Your Press was originally
I purchased we believe
from R. Findlay, Son
