Dear Cousin -

I here with Mrs & Miss Susan Lewis assistance given the Hollisid genealogy as correct-ly as I could. There are many omissions but probably you can supply a number yourself each family had an Isaac & a James - a Carter until Sam beheaded in the Hollisid labyrinth. Our Great grandmother Leah Profford was a niece of the celebrated Mary Kearne Cary - widow of Col James Cary a Royalist in the Revolutionary War whose immense estate was confiscated by American Rebels. I hope you may be able to fix it up in "ship shape" I could spike out many of the branches much farther. Byron your Nephew married in Kentucky Mary D. Mrs E. Walker of Louisiana. Ella married a child. Jennie married Glendon & is in Europe. When all are tracing up kin. I tell them when they are clear I claim 'em off but if not will quietly let them pass. Cousin Ell will leave on Friday I am afraid she is catching chills by going before frost while the weather is so -

from your very Aunt
with our love -

Affectionately your Cousin
