Elias Carr President S. F. Alliance  
Dear Sir + Bro.

~~Deliberate~~

You will please answer whether or not after a captain of Sail vessels who have been initiated + against whom there can be nothing alleged if they can be dismissed by the Alliance without some sustained charge. Our County Alliance at its last meeting ruled that said Captains are not eligible. And there are several who are all ready good + useful members. Also can a merchant who makes terms with Alliance members to sell goods buy goods through State Agent + continue to sell to general public at his old prices
