

State Gine P.O. S.C.

Jan 7th 1890

Dear Bro F.G. Polk,

Dear Sir

Bro, We the members of State Gine Alliance No. 1187, are going to ask the State Alliance of North Carolina, to transfer no. to South Carolina Alliance (that is if they will receive us,) we are situated between Broad River and the South Carolina, State Gine, it is a very narrow boundary a good many of our members, are from S.C. all our trade is done at Goffney city, ~~city~~, Cowpens or, Shorttubg. S.C. We have helped to erect a Warehouse at Goffney city, and expect to, trade, both in supplies and Fertilizers in S.C. so we think it best both for our, good, and the good of the order to ask for a transfer. What we wish can we get a transfer

Amosenden Charles

So ~~so~~ our Charter, if we get
the transfer, we do not expect
to change the name of our
Alliance, it will still be
State Line Alliance, but the
number would likely be
changed. We meet now in
about 1/4 of a mile of the State
Line, if we can get permission
from the State Alliance,
we will hold our meetings
about the same distance across
the line, in S.C. cannot we
with your consent and the
consent of the County & State
Alliance, change our ^{Charter} constitution
for the transfer, if not all our
South Carolina ^{meeting} will dissent
which will weaken us, as we
have already been considerably
weakened by their dissenting.

Please present this at once to
the President of the State, and
let us hear from you at once.

Yours fraternally
G. G. Polk Esq. J. J. Camp
Sec. State Line
Alliance No 1107
State Line S.C.
