Dear Brother

We had our 3 Co
meeting on 3 & 4 of this month
We had a very good time on
the whole, some complaints but
not of a serious nature

Our President had not seen
ed the new Secret work so
we work under the old. Our
Co Organizer had received some
new work. but he had gotten it
from members of other Co allions
and as he had not gotten it in the
regular way we decided to work under
the old. Some of our ^{sub} allions
had gotten in 2 doctors that be
long to the medical Society, all so
one would keep & one that has
sold sewing machines & Machine
movers, Reapers, Drills, & Hay
Rakes. Each one of them has
formed a Co. but not much forming
them. I do not think the
best be with us

At our first meeting we
sent up among some for to
be appointed to Organise Allepo
Our man did not get his
Commission. but some one did but
has not done any work yet
as we can hear off
in close letter from a ~~set~~
Citizens of Allepoima that is a good
man & I suppose that our boat
would have recommended him but
as our request had not been
paid any attention to we thought
it best to do nothing in the matter
He wrote me since or you should
have done nothing in the matter

We would like to have one of
your Assistants lecturers here at
our next meeting which will
be held on the next day for dinner
We have 4 stores that sell goods to
us at 10% cost & Cornish for
Cash & for ~~total~~ ^{Grade} 10 for out more
one of the stores charges 12⁵ ^{cents} some
as the others for for

Please give  the light
you can give 
J.  Lecturer for 60
