My Dear Mr Carr

Your welcome favor of  
May 31<sup>st</sup> recd, it brought joy to my soul  
I mixed a quiet stimulant and once  
more lived over the gala days at Bracebridge  
Hall, those times of bliss will never be  
forgotten, once inside the gates of Bracebridge  
I could smile at my creditors in Gotham  
and bid dull care begone, God bless the place  
and all connected therewith. I assure you such  
pleasures are not forgotten, would it not amuse  
you to review my recollections as in times gone by,  
We may get together somehow and if we  
do the trial will be red with blood.  
I am truly  
Yours  
Ludwig Wp

Friend Sam

Come up for the bus fishing,  
we must make another trip to Black  
Point. I am a trifle under the  
weather but not enough to bother  
about, so pack up and come along.

Yours most truly  
W. J. Price
