Dear Sir -

Since writing I have looked up the pedigree of Mate and you or its find it equal to any bull in the State, I send some pictures of his ancestors under another cover. Please find also the pedigree of Brunette Prince, the sire of both of the Calves offered you - Rondellette, the dam of Rondellette Prince is an unreported Regina cow. I can send Rondellette Prince pedigree if you see chance thru, it is a very rich one.

Hoping to hear from you

I am Yours
