Dear Sir 4 1300

Bro 5 B Longs P. C. is Longs
Buncombe Co. - I think we ought
to give him a fair showing -
in other words treat him as if
we did not know his politics
I have received some hard things
about him - but think it better
not to send them to you - as they
occurred some time ago -
if he tries to get out of the
traces - then I think he ought
to be suspended - Send Bob
Vance scotches for him
squarely - and says that he
will make a really good
lecturer - I don't think
we need any organizers
the Lectures can do what
is to be done - or one or more
special organizers might
be appointed by you when
needed - The constitution
provides for County Alliances
to appoint organizers and
nearly all the counties have
County Alliances - There
ought to be more lectures

in the field and I will
write Bro Long to send
his recommendations
and will suggest that
he appoint Bro Darden
for east of the Wilmington
& Weldon R.R. - for the
Present - I am not satis-
fied with the present
condition of the Rock-
ingham Quans Sects
will write Bro Johnson
this P.M. - Cover Robinson
views and mine are
not the same on this
by long odds and I find
the issues as shaped are
not what we want
nor will they do us any
good if so decided

Faithfully
J. B. H.
