Dear Bro Leon

Your received several days ago. Would it not ^{be} better to have the Univ^r Ste, brethren to make up their case and let it come up officially. Alexander says they had the same mess up in his term and he directed it be referred to Com on g. o. o. for Orange Co. If this has been done. we ought to be careful about criticizing their action unless it comes to us officially. the precedent will give much trouble. I hope to be in Raleigh on Tuesday or Wednesday of Fair and will govern myself by your directions. I have written the hon of Shingletho Disney & Co.
