

*Warrington*

Roll of Warrington Alliance No 299.  
Exp 36<sup>th</sup> 1889.

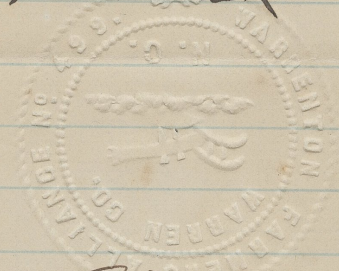

Elias Carr, President &c.  
Dorset.

At our last meeting the name of a member, a farmer and zealous in the cause, was stricken from the roll, he having lately accepted the position of locomotive engineer on the Warrington Rail Road. Some of the brethren argue that the provisions of the Constitution intended to exclude from membership employees of railroads, which, by their influence, might work injury to the order, and that the said Warrington Road, having neither money nor influence, and belonging to no system, does not come within the meaning of said article, and that the brother should be reinstated.

Please give us your views.

By order of the Alliance.

Respectfully,  
W.S. Plummer Secy

P.O. Warrum Plains  
Warrum County N.D.
