Elias Carr. President of Farmers S. A. -
Greeting. one important question
is it not contrary to The Teaching of
our constitution, To Black ball a man, after
he has been Recommended by 2 good men,
& 3 committee Reports are same Favorable.
if they have the ~~right~~ only a personal right,
as five good men Recommends, the one
has a right legally to Black Ball.

We had a case of this sort the other day.
The men are worth \$10,000, Dollars & they
are the best Farmers we have in this section.
& they were duly Recommended & committee Reports
favorable. & 2 Black Balls were put in
over

We took up the applications & put them
through, as we thought they had no right
to Black Ball in this case. I hope your
answer will be that we acted right &c

Very Truly your Brother
