

Enders & Firm Charlotte 27th

Bro Carr
your favor rec'd last evening. I wrote you - returned Polks letter & also sent in the same envelope several other communications. The overruling of Polks decision is final. The only thing we can do for Polk is - (with the consent of the Ex Com'tee) to have him assign his pay to the state Alliance and advance him the money on it - without it he will break down. In regard to the Cotton tax - 30 cts per bale I stated to our County Alliance in open session more than a year ago that it was unconstitutional and have repeatedly told the president and Secretary

Still they went on - Cabarrus
County is in the same way
I told the County President
and Schooler the same
but still they go on - It has
caused much trouble in
this County part of this County
suffers less than $\frac{1}{3}$ of the
cotton other parts do -
I have been confined to my
room for the last four days
and am hardly able to set
up -

Fraternally

P. B. Alexander
