Dear Sir & Bros

I have been requested to write to you as one of the Executive Committee to get your views about the business agts of the Sub Alliances giving bond. Some of our members contend that it is only necessary for the State & County agents to be bonded & some contend that all should give bond. Please let me hear your opinion on the subject. Hoping to hear from you soon I remain

Yrs truly

You can write to me at Yorbo Post office Cassell Co. Va. or answer through the Progressive Farmer as you think proper

As this is of general importance think you should make a ruling in P. 7.
My opinion is every agent should be bonded
