E.C.B

Inallatouche,

July 16th, 1890

S. L. Polk

Dear Sir & Bro.

I am requested by the Inallatouche Alliance to correspond with you and make inquiry whether or not there can be any assistance given to the Cherokee Indians of Jackson County in the way of organizing a farmers Alliance among them. The reason why I ask this question is this. One of our members was informed that there was an Alliance by and Indian James Blythe, that the Indians of Grayham Co. had an organization of that kind. And if it be true they wanted to know

what provisions or Compromize
could be given them, that they
may also have one. We do not
ask for to have them to affiliate
with us, but only ask through
kindness in their behalf.

Perhaps it is well enough
for me to give some of the habits, and
customs of living &c. They are an
indolent class of people, care for
nothing over the present comforts,
and live in small "Cuddies" and
have but little of this worlds goods
As to their lands, they own some
of as fine Farming lands as are
in this County, and farm to
but little advantage. Please
give a full explanation on the
matter.

I am yours

Fraternally

R. L. Hyatt
