

The State Chronicle,

(STATE PRINTER,
EDITOR AND MANAGER,

Raleigh, N. C., Feb. 28th 1890.

Mr. Elias Carr,

My Dear Sir:-

I desire to publish in the Chronicle, at a date in the near future, a symposium of the views of prominent farmers in Eastern North Carolina upon the Negro Exodus - its material & political effect. I will thank you to give me your ^{full} views ^{in brief} in answer to the following questions.

First - ^{about} what proportion of the negroes have gone from your county?

Second - What is the effect upon the preparations so far made for the year's crop - is it diminished? & how much? Are the crops to be di-

verified & if so what are the
changes in crops? & in acreage?
Third - What will be the lasting ef-
fect of the going away of so
many laborers?

Fourth - What will be the political
effect this year? & the perman-
ent effect.

If you will give me your
views upon these questions by
March 15th, or as soon thereafter
as possible, I will thank
you very much.

With sentiments of esteem,
Dear, sincerely yours,
Josephus Daniels.
