President,

WASHINGTON, D. C.,

1890.

Dear Bro. Carr

Your kind favor rec^d

Sorry you cant go to Atlanta, I now think I shall run by home + reach Raleigh in the 15th Hope Bro A. or North can go.

I know nothing of the Contract made with Monthead. It was the first official act of Bro North. I never was told the particulars.

The Sub-Treasury plan is in the hands of Committee in Congress I suppose Macune & I will go before them but we are arranging to have all the votes we can get to send in petitions to come through this office that we may keep a record of them + know who & how many are sent. It will raise a dust in Congress + many of the members do not know what to do + are in a tight place. But we will press it vigorously.

In haste yours

L. L. Polk
