

Worcester Mass^{ch} March 1 1890

Mr Elias Carr,

My dear Sir,

I am in receipt of your favour of the 26th ultimo and hasten to reply. If Edmund Alston will confer judgement on your note it will put you ahead of Doct. Fleaming. F. C. Davis can not pay any thing and unless he can get some one to assist him his stock will be sold. He thinks Mr. Cruckley would buy his stock and pay the balance due on the first purchase.

I gave your Peter's note but full thinking it would be best for you to have the note in your possession. Mr. L. H. Quely has not paid the interest on his note and it may be necessary to advertise his land to make him come to terms. I have taken \$500 out of my furniture consequently not much will have to be sold. All well + send love,

Very truly yours Jacob Parker
