Dear Sir,

There are two bills now being pressed in Congress the Conger bill #283 & the Duttenworth bill #679, which if passed will destroy the Cotton seed and oil interest.

Please write Col Paek to look into the matter right away, & if the bills impress him that way, to do what he can to prevent it.

I have written Capt S. B. Alexander a circular letter

Very truly yours

W. G. McChesney
