Elias Carr Esq.

Dr Sir & Bro.

Having decided in this County to give so far as possible the benefits of the Farmers Alliance to the colored population, by encouraging them in that direction & helping them to organize, I write you to ascertain whether or not the negroes are organized anywhere in the State. If so I would be glad to know the names of the President & Secy, with their Post Office address. I have been requested to undertake the work, & if I succeed in getting up an interest I must be able to furnish them an organizer.

Will you kindly advise me at your earliest convenience.

Fraternally &c
