Dear Brother Does a Subordinate Alliance  
have a right to pass a Resolution in the  
Alliance to Expell a member for coming  
in that Alliance under the influence of  
Liquor without conflicting with the  
State Constitution if so for how  
long can he be Expelled please answer  
me immediately through the Progressive Farmer  
as we have just Expelled one good member  
on just such a Resolution and I claimed that  
the Resolution conflicted with the State Constitution
